Karya collection

Karya

Make your
workspace
somewhere you
want to be

The Karya collection is designed to make your workspace unique-whether at home or in the office- turning it into a place where you really want to be.

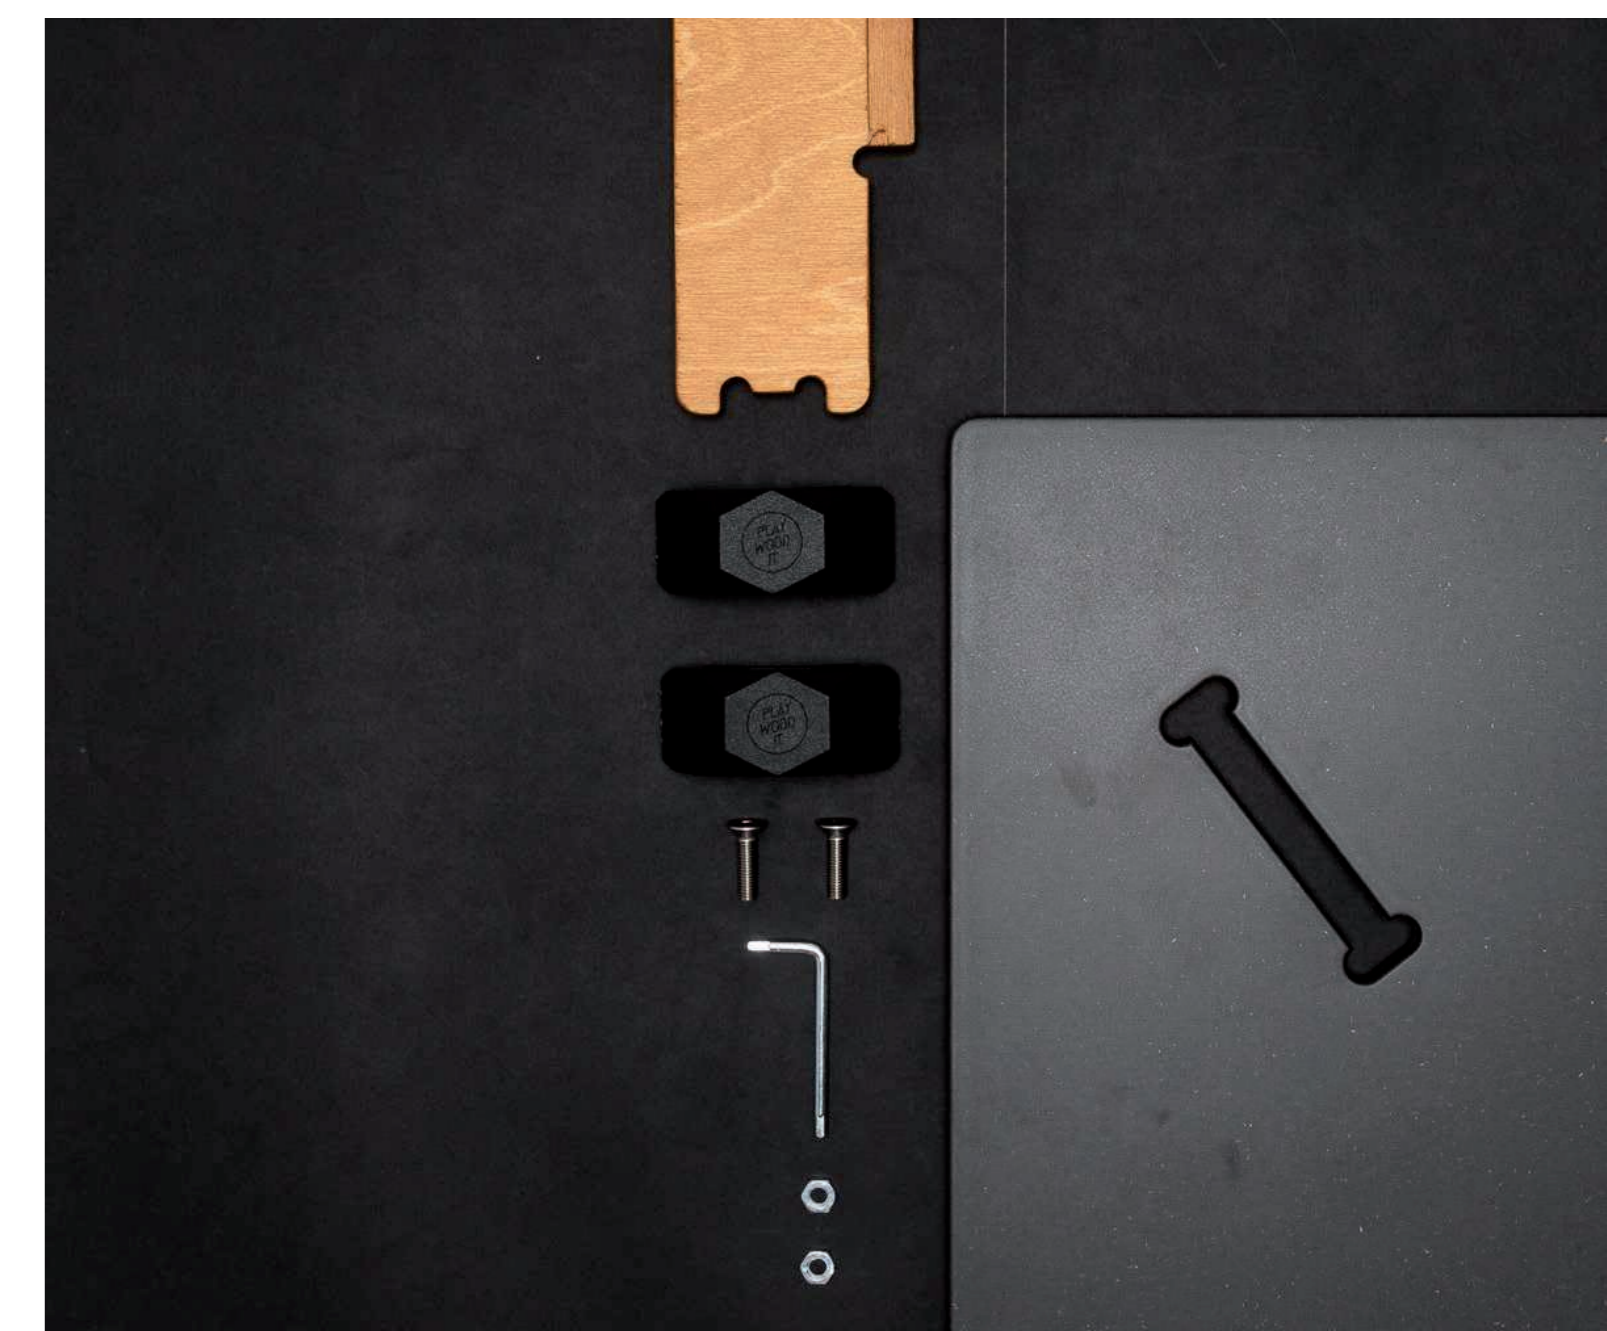

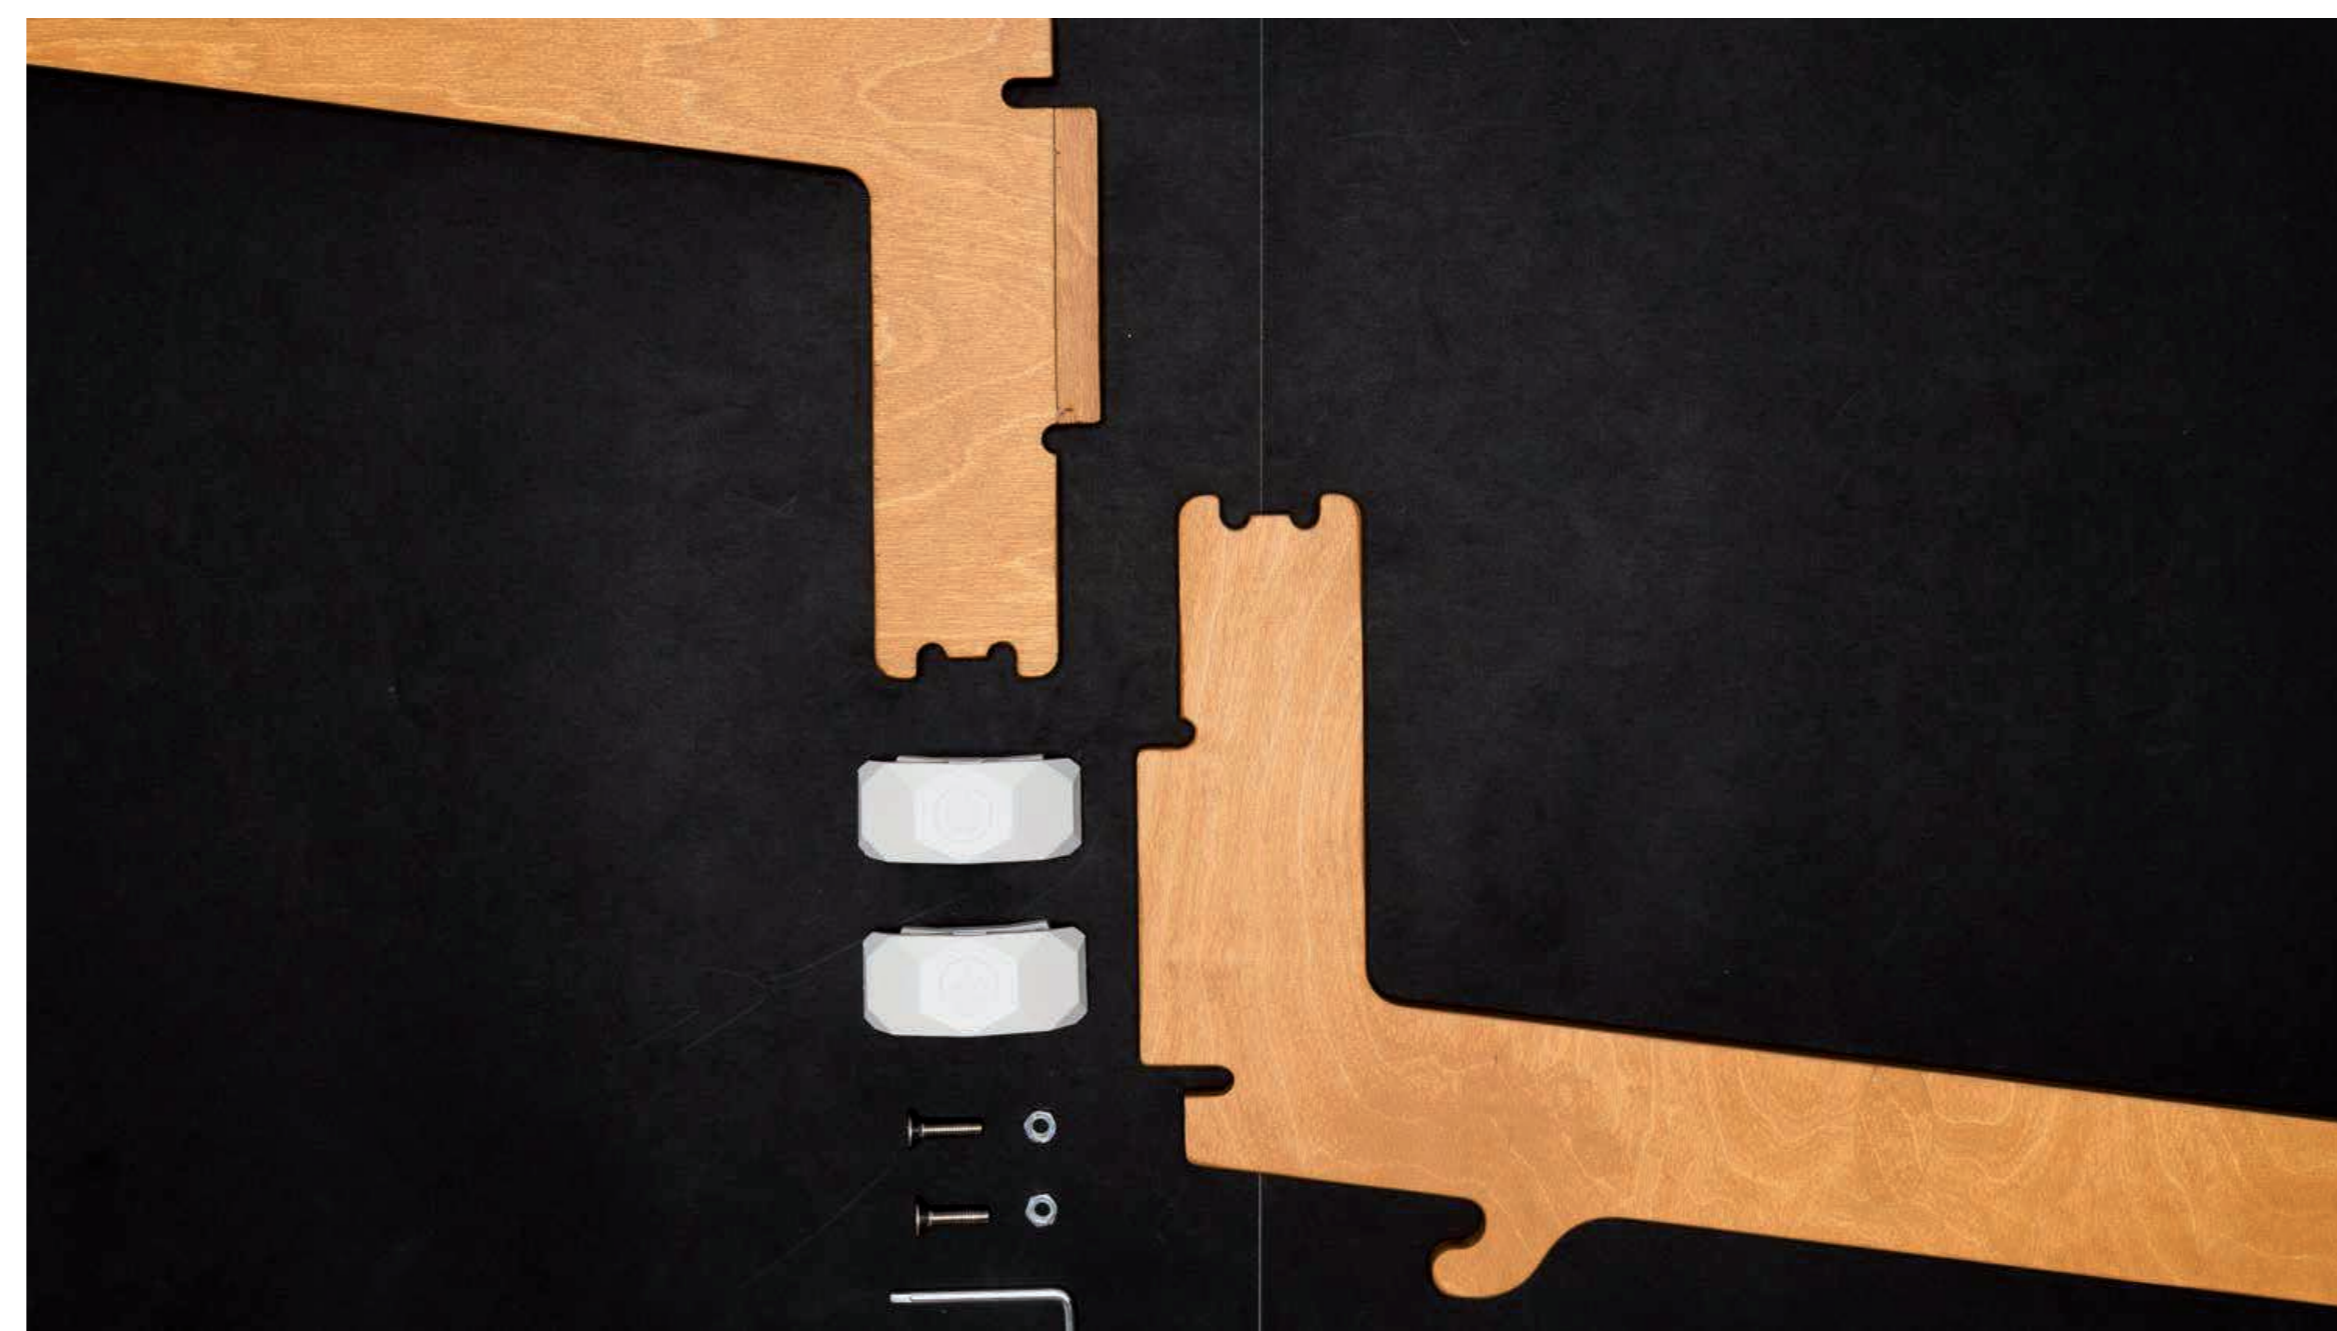

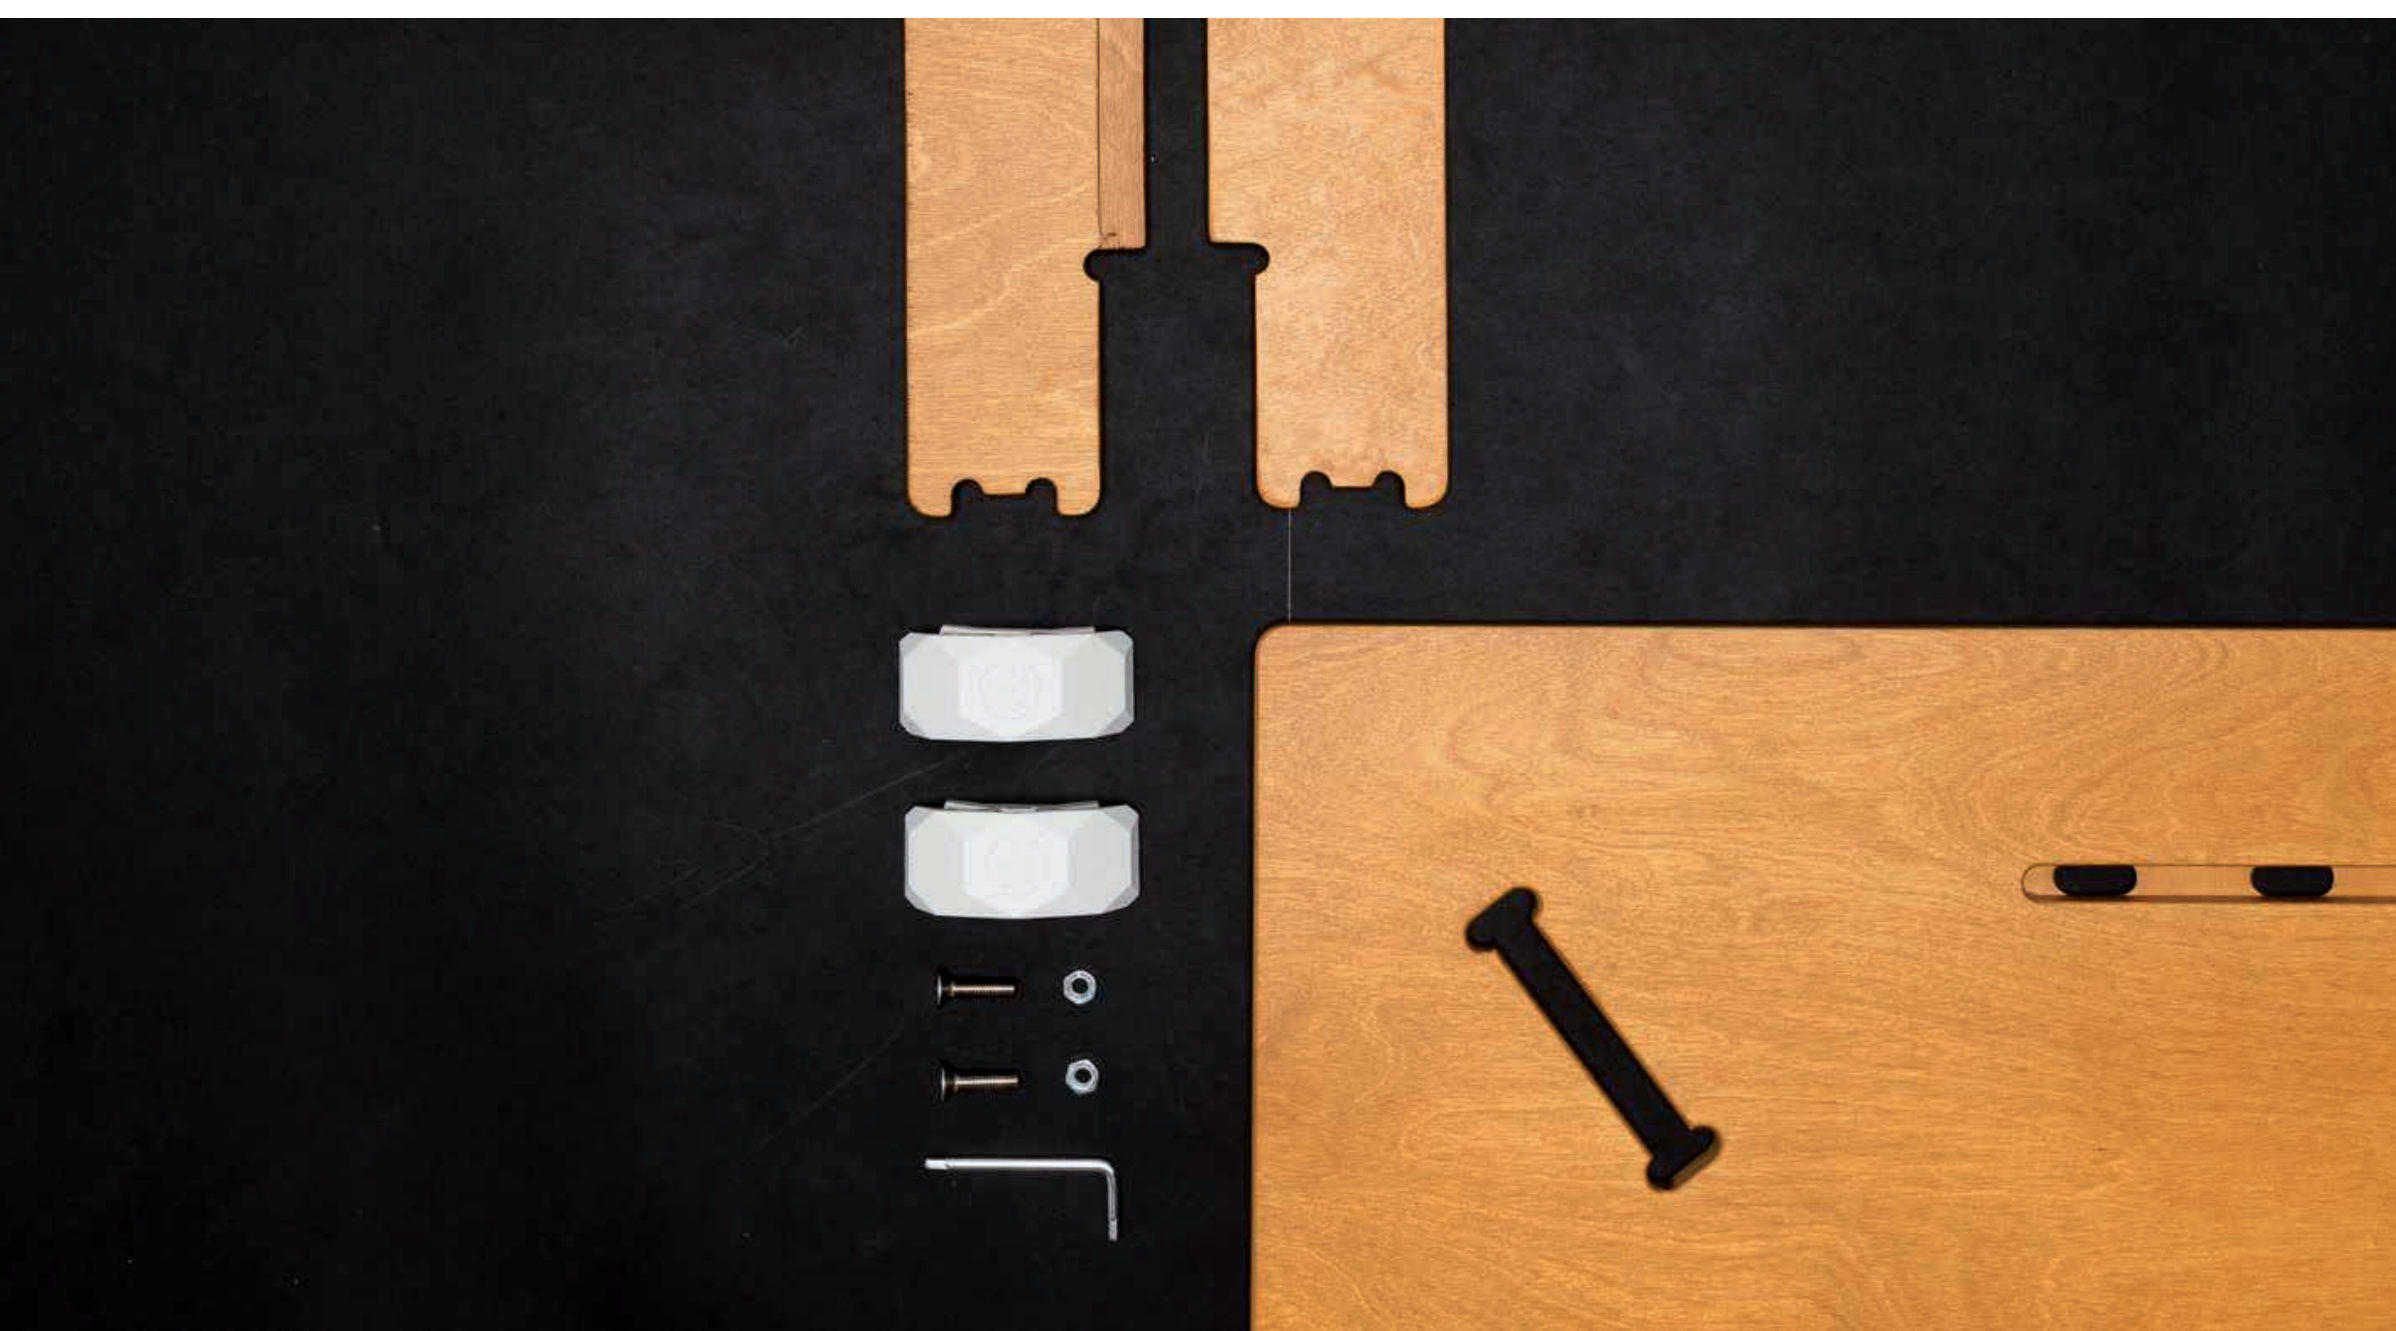

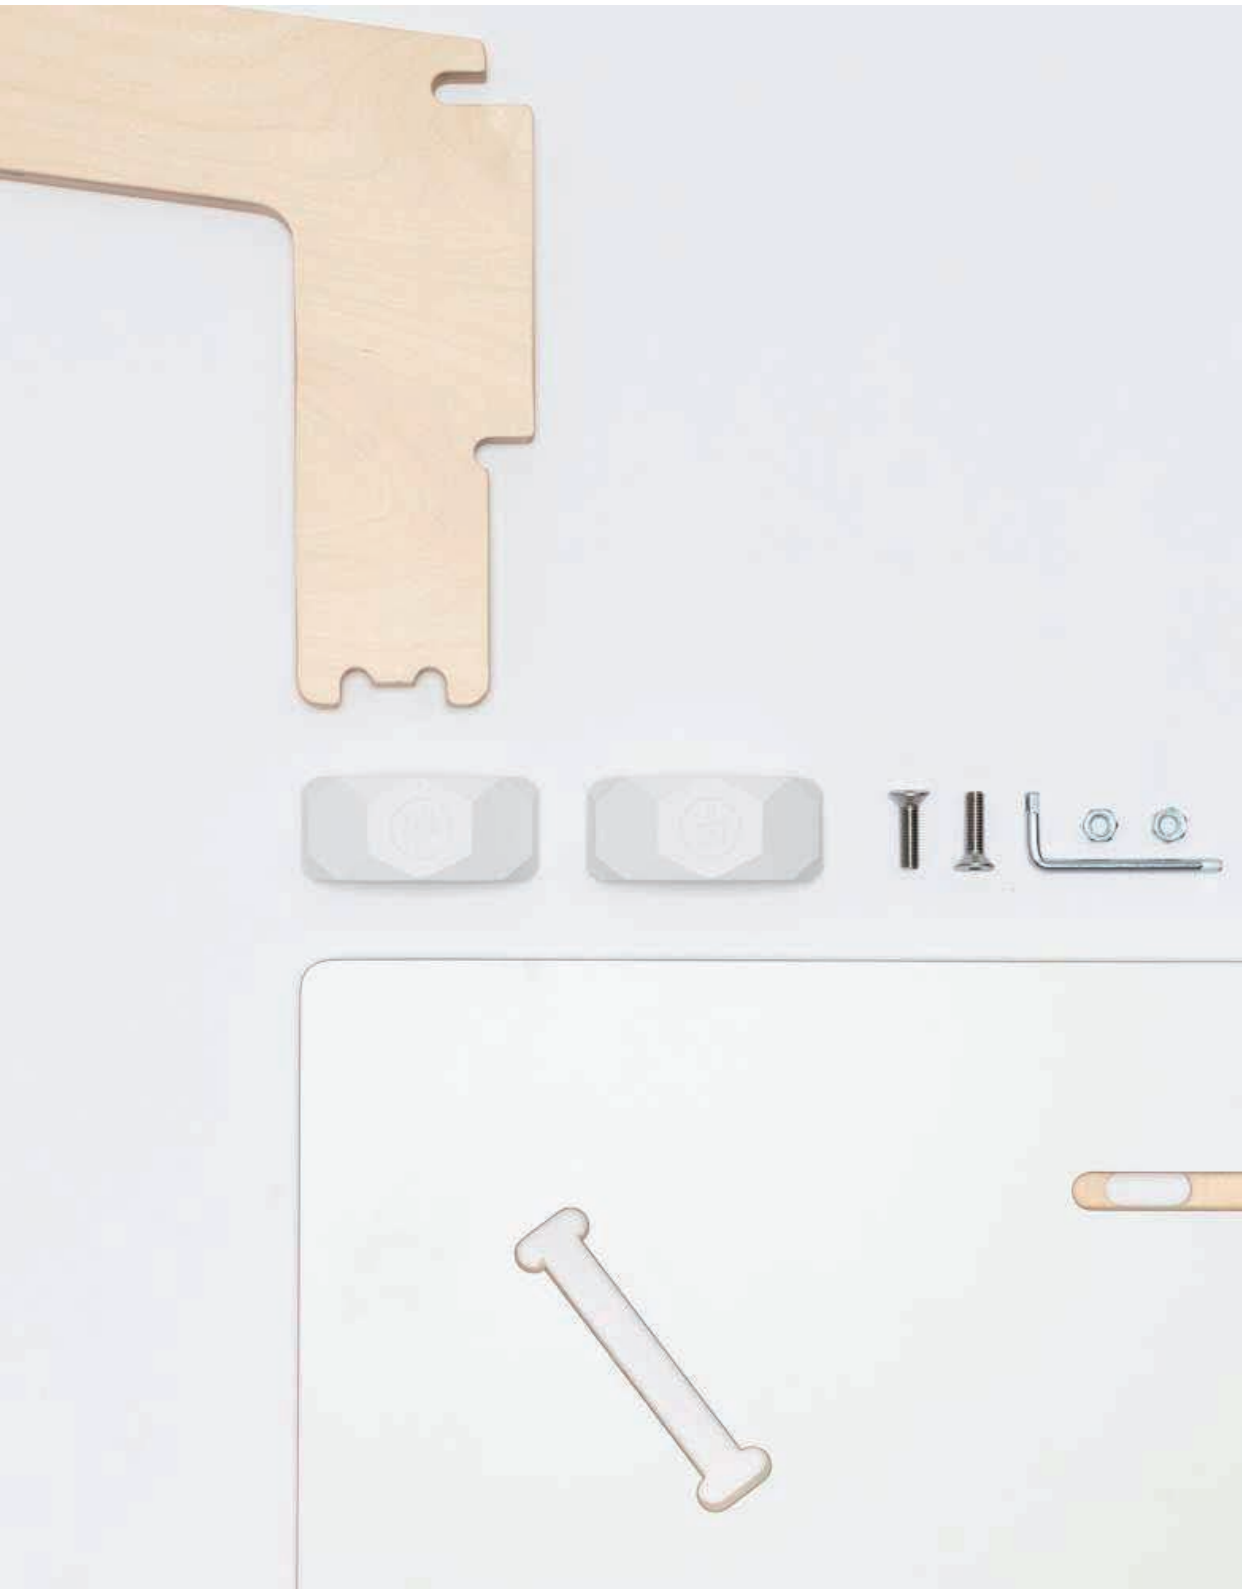

Each product in the Karya collection is created by designers to enhance your work environment, giving it a touch of character and harmony to inspire ideas and creativity.

The collection includes six desks, four bookcases, two tables, and a range of accessories such as monitor and laptop stands, as well as a practical coat rack.

Every item is thoughtfully designed to organize your workspace in the most beautiful and natural way possible.

The guiding principles of this collection are:

- **A minimalist, Nordic and elegant aesthetic:** modern and distinctive lines that make for recognizable and enduring furniture.
- **A balance of quality and functionality:** each piece is crafted with attention to the smallest detail to meet the exact requirements for our customers.
- **Sustainability and natural materials:** Karya furniture is timeless and well suited to modern lifestyles.

Karya desk

Karya

Make your
workspace
somewhere you
want to be

A wooden design desk that is both functional and sustainable, created to offer the perfect workstation for your home or office.

Proudly made in Italy, it combines the finest qualities of Italian craftsmanship with passion and innovation.

The Karya desk is designed to elevate your workspace, transforming it into a place of creativity and inspiration.

Its harmonious design and natural aesthetic focus on productivity, while creating an environment that is both relaxing and engaging.

Karya

Make your
workspace
somewhere you
want to be

For too long, quality and functionality have been seen as mutually exclusive- but the Karya desk brings them together seamlessly to create the ideal piece of furniture.

Thoughtfully designed with practical details, it features cable management holes, dedicated slots for electronic devices, and built-in hooks on the legs to hang bags, backpacks, or headphones.

Make your workspace a place where you truly want to be.

The desk is available in various materials and features a scratch-resistant top, built to endure daily use.

Karya

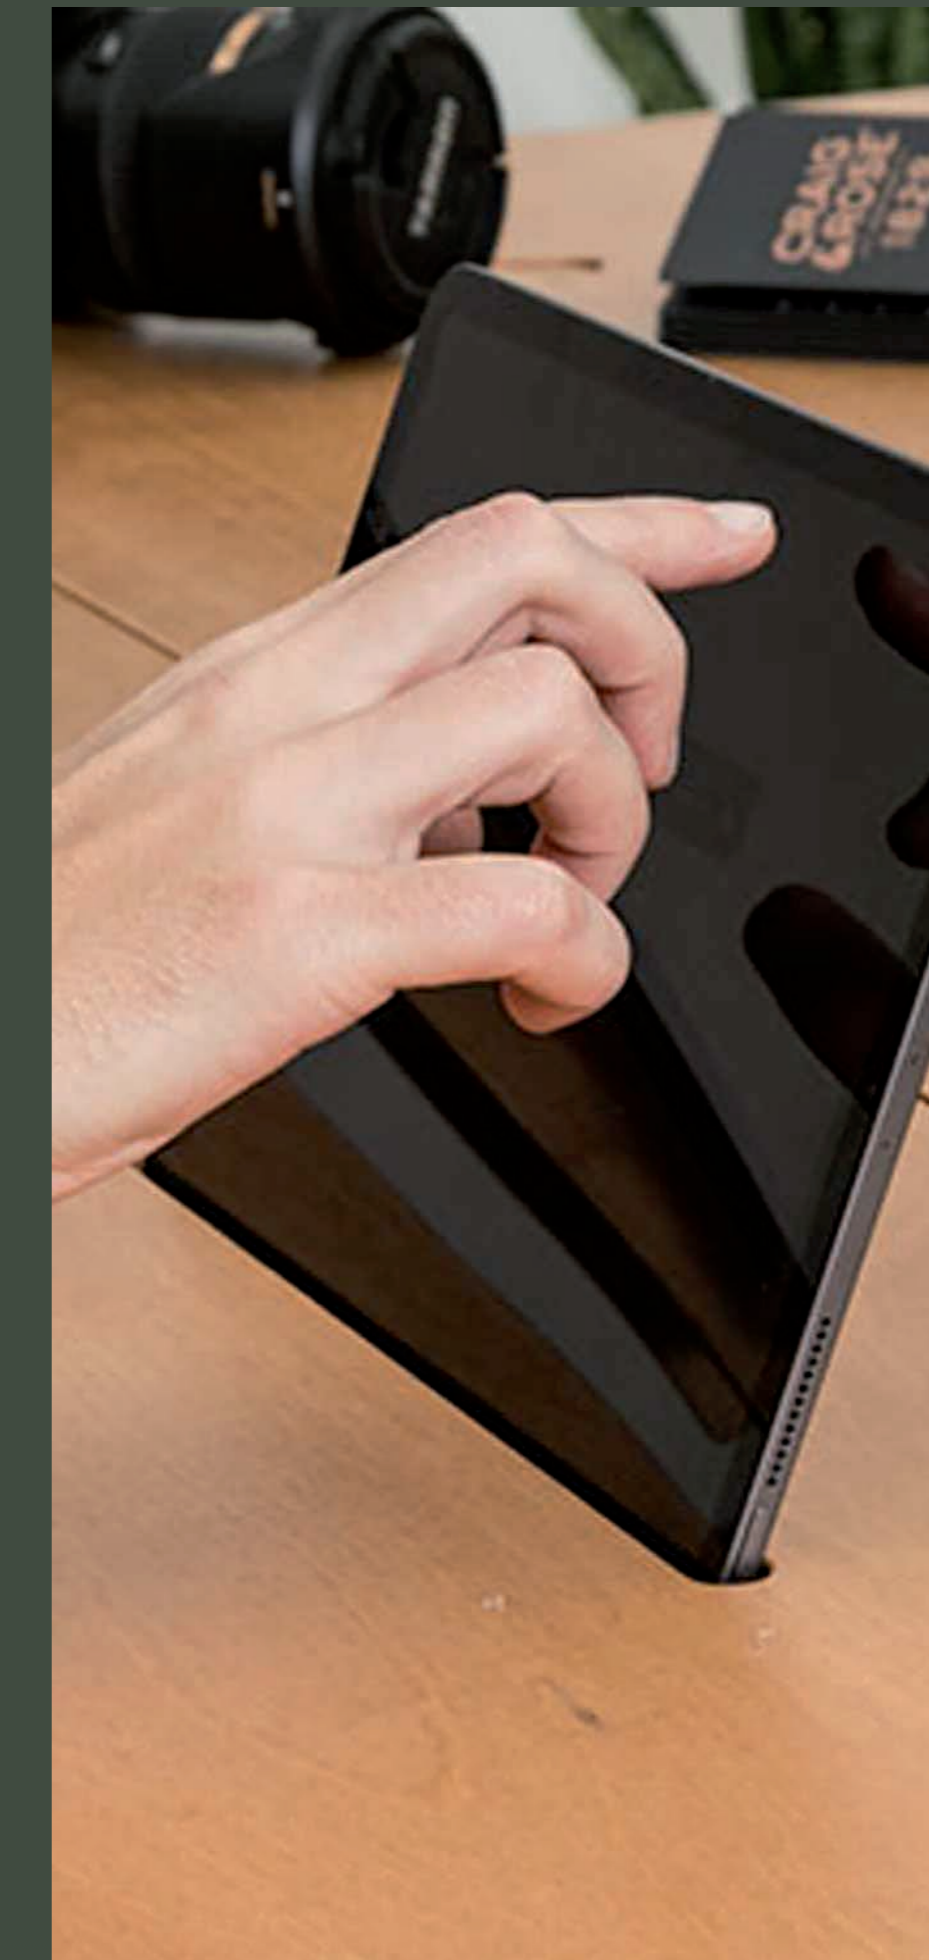

Make your
workspace
somewhere you
want to be

Dedicated slots for electronic devices

The Karya desk includes built-in slots designed to hold iPads and smartphones, either vertically or horizontally. A grommet hole keeps power cords neatly tucked away, ensuring a clean and organized workspace.

Convenient and functional hook

A practical hook into one of the desk legs keeps your bag or backpack within easy reach. It helps maintain a tidy workspace and protects your personal belongings from scratches caused by leaving them on the floor or over the back of a chair.

Karya

Make your
workspace
somewhere you
want to be

No tool snap-together assembly

The Karya desk comes flat-packed and is designed for quick and easy assembly: legs and tabletop are joined seamlessly using durable connectors, making setup and storage effortless.

Its modular dimensions make it a perfect fit for any workspace, whether at home or in the office. By combining multiple desks together, it is possible to create larger work islands, ideal for teams or collaborative environments.

Up

Karya

Make your
workspace
somewhere you
want to be

Designed to improve your posture, UP is a practical laptop stand created to elevate your device to eye level, helping you maintain a healthy posture by preventing neck and back strain.

Made in Italy, it embodies the finest qualities of Italian craftsmanship with precision and innovation. Since we spend so much time at our desks, it's essential to maintain an ergonomic setup. UP ensures not only better posture but also enhances your workspace with its clean, modern design.

It improves ventilation to prevent your laptop from overheating while helping you organize your desk more efficiently.

Up OAK Black

Karya

Make your workspace somewhere you want to be

Practical

UP is easy to assemble and disassemble, making it the perfect companion wherever you go. It supports all laptops with a minimum size of 13 inches.

Keyboard Space

The space beneath the stand is ideal for storing your keyboard, keeping your desk clean and organized. It's also a handy spot for documents or other devices.

Cable management

A dedicated cable hole keeps your power cords neatly in place-no more chargers slipping off the desk or getting lost.

Dimensions:

32x27 h 14 cm

Lifty

Karya

Make your
workspace
somewhere you
want to be

Designed to improve posture, LIFTY is a practical monitor stand that raises your screen to eye level, helping prevent neck strain and promoting better ergonomics throughout the workday.

Proudly made in Italy, it embodies the finest qualities of Italian craftsmanship with passion and innovation.

Nowadays, we spend countless hours at our desks, which makes both comfort and aesthetics essential.

That's why LIFTY isn't just functional, it's a stylish piece of design that keeps your workspace well organised and tidy.

Lifty OAK Black

Karya

Make your workspace somewhere you want to be

Karya bookcase

Karya

Make your
workspace
somewhere you
want to be

An elegant and minimalist bookcase designed to make your workspace truly unique.

Perfect for both the home and the office, the Karya bookcase enhances any environment with its natural beauty and modern lines.

Proudly made in Italy, it embodies the finest Italian traditions of craftsmanship with innovation.

With its slim profile and open shelves, this bookcase is ideal for displaying valuables, family photos, and design accents.

Interlocking assembly - no tools required.

Quick, safe, and simple: no special tools needed. The structure is extremely solid, with each shelf equipped with integrated bookends.

Multipurpose hooks.

A minimalist design that doesn't lack functionality. Two practical hooks are built into the bookcase's uprights- perfect for hanging jackets, headphones or backpacks.

Cable management.

Each shelf includes cable holes, making it easy to hide and organize your device cords. With a width of 48 cm, height of 36 cm, and depth of 28 cm, the shelf is ideal for placing speakers or other tech accessories.

Baseboard recess.

A subtle yet smart detail: the back of the bookcase features a cutout to accommodate skirting boards, allowing it to fit perfectly against the wall for extra stability.

Linea

Karya

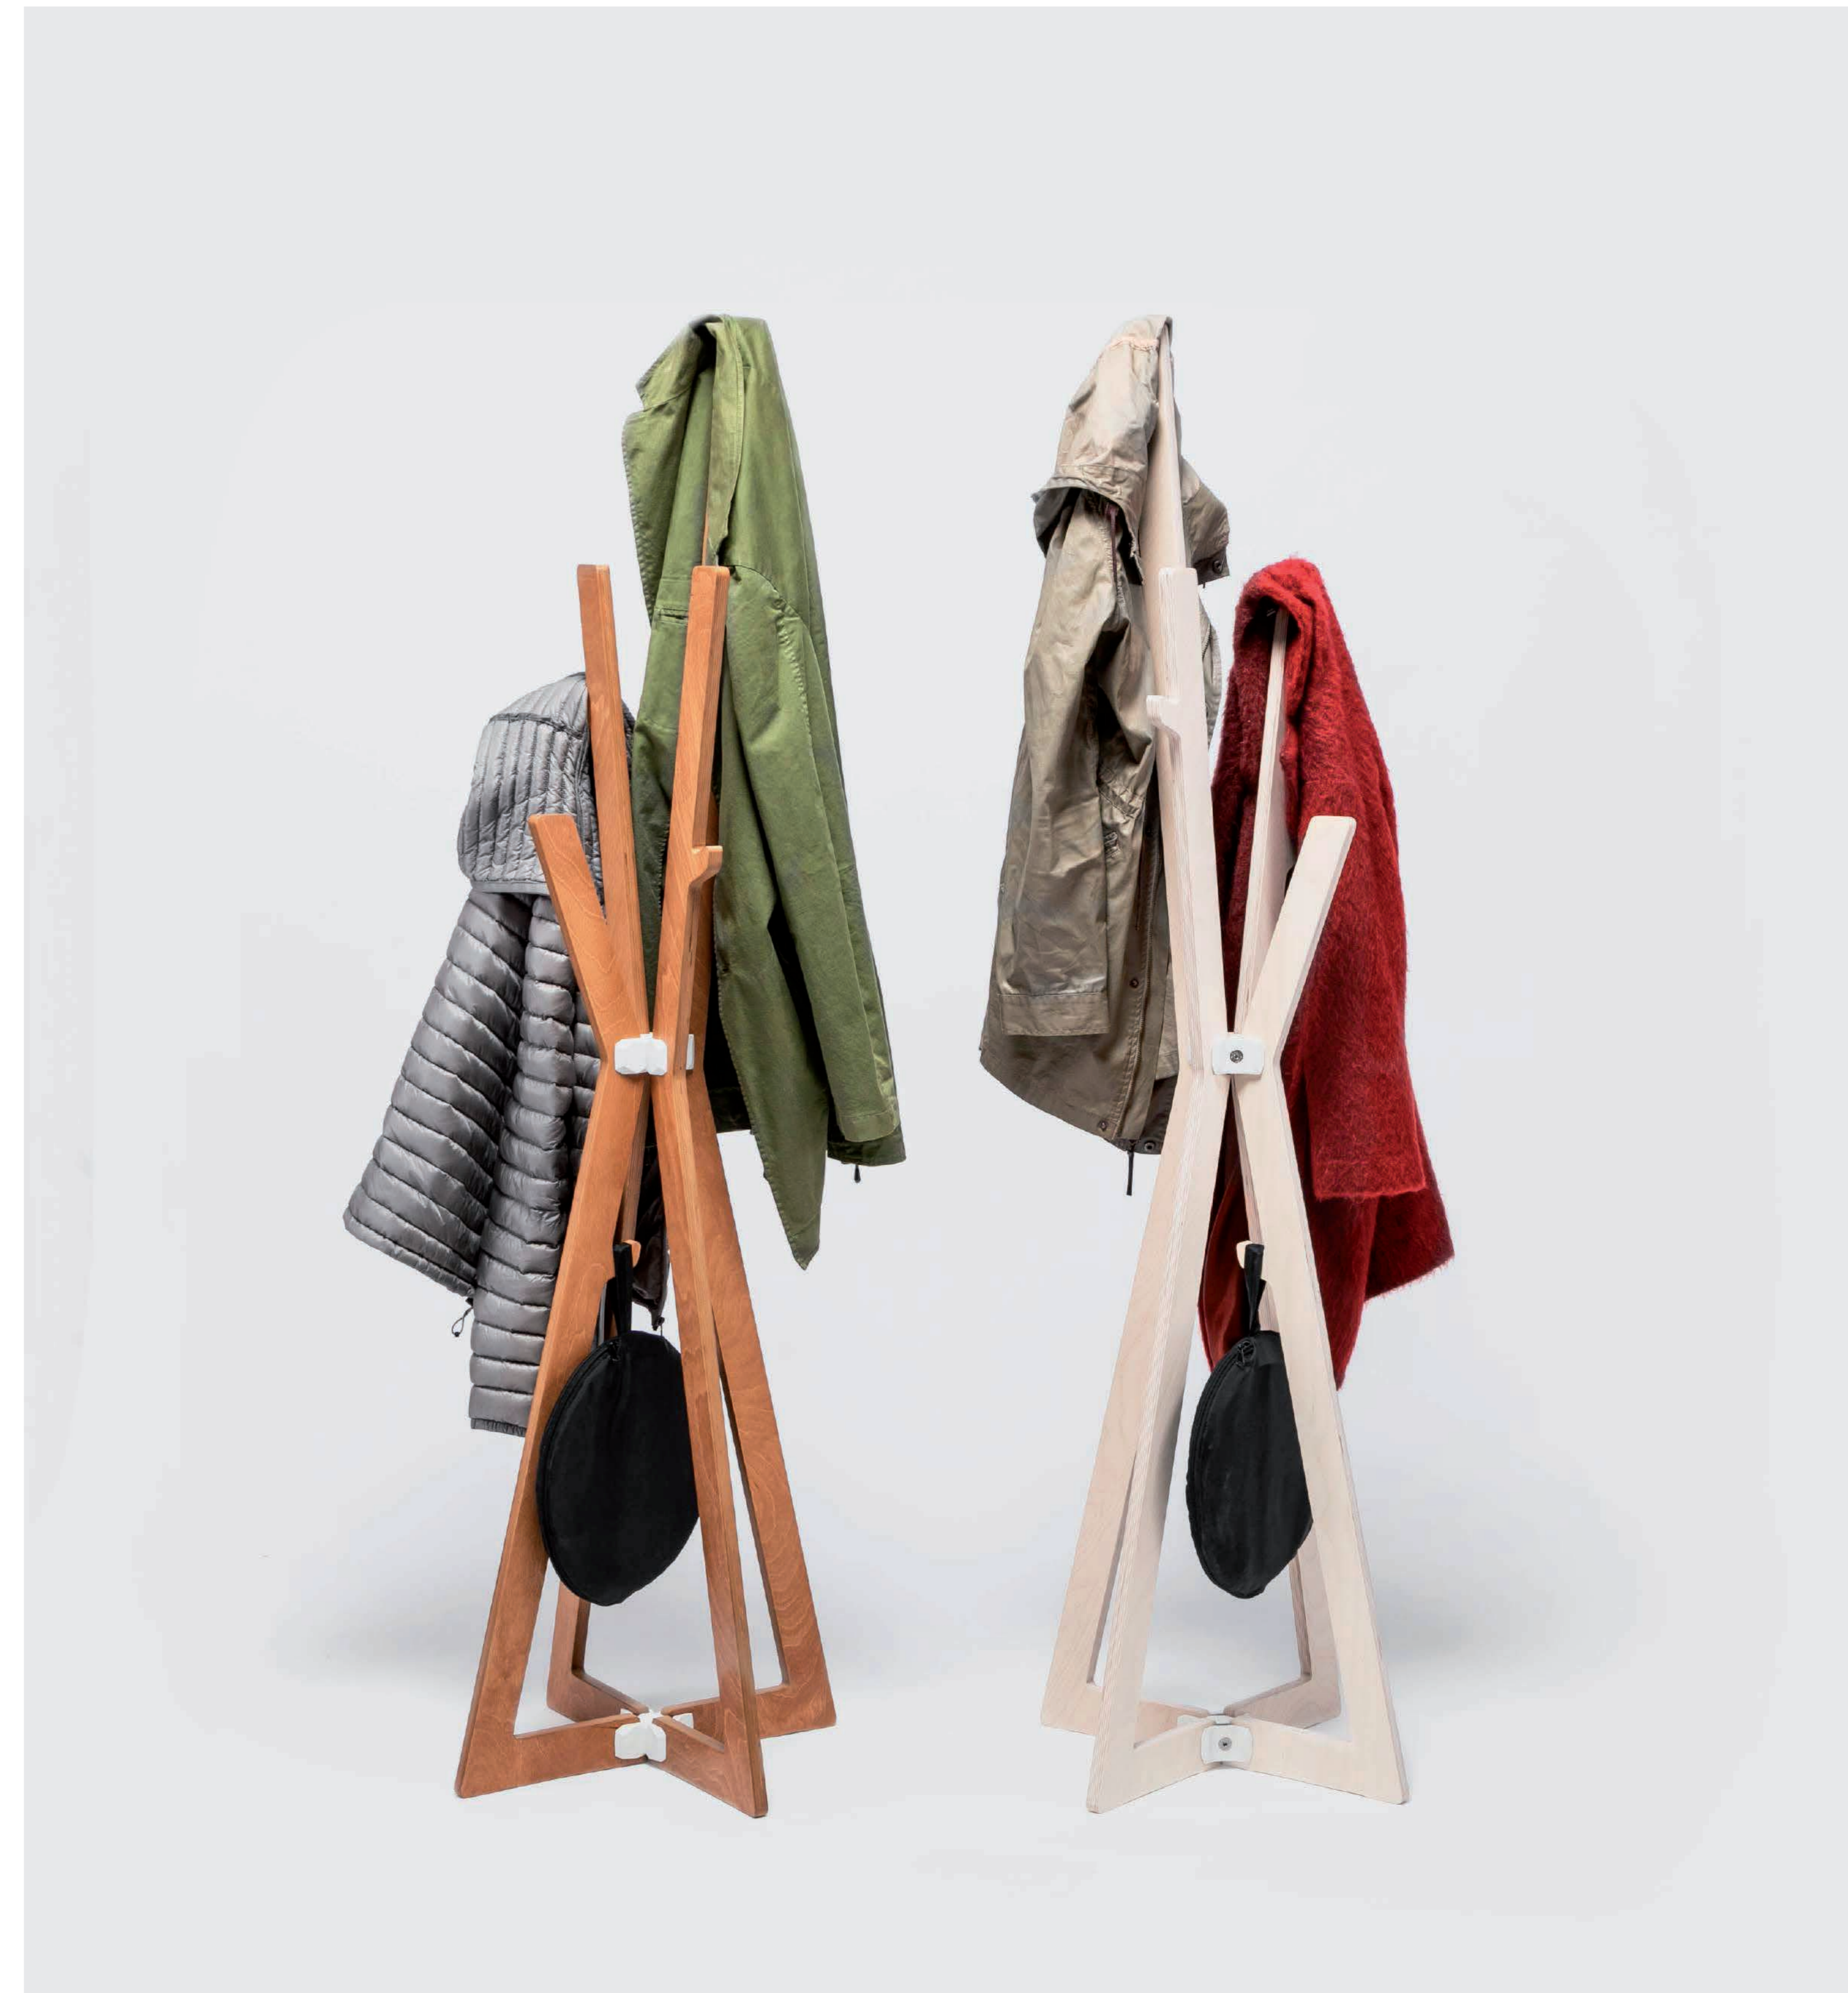

Make your
workspace
somewhere you
want to be

A minimalist and sturdy coat rack that fits seamlessly into any space, whether at your home entrance or in an office setting.

Proudly made in Italy, it embodies the finest Italian craftsmanship with a perfect balance of tradition, passion, and innovation.

This is more than just a coat stand- it's a piece of design that adds personality to any environment.

Crafted from multilayer birch wood, its structure is solid and refined. The intuitive interlocking system, enhanced by two cross connectors, allows for quick setup in just a few minutes- no tools required.

Karya

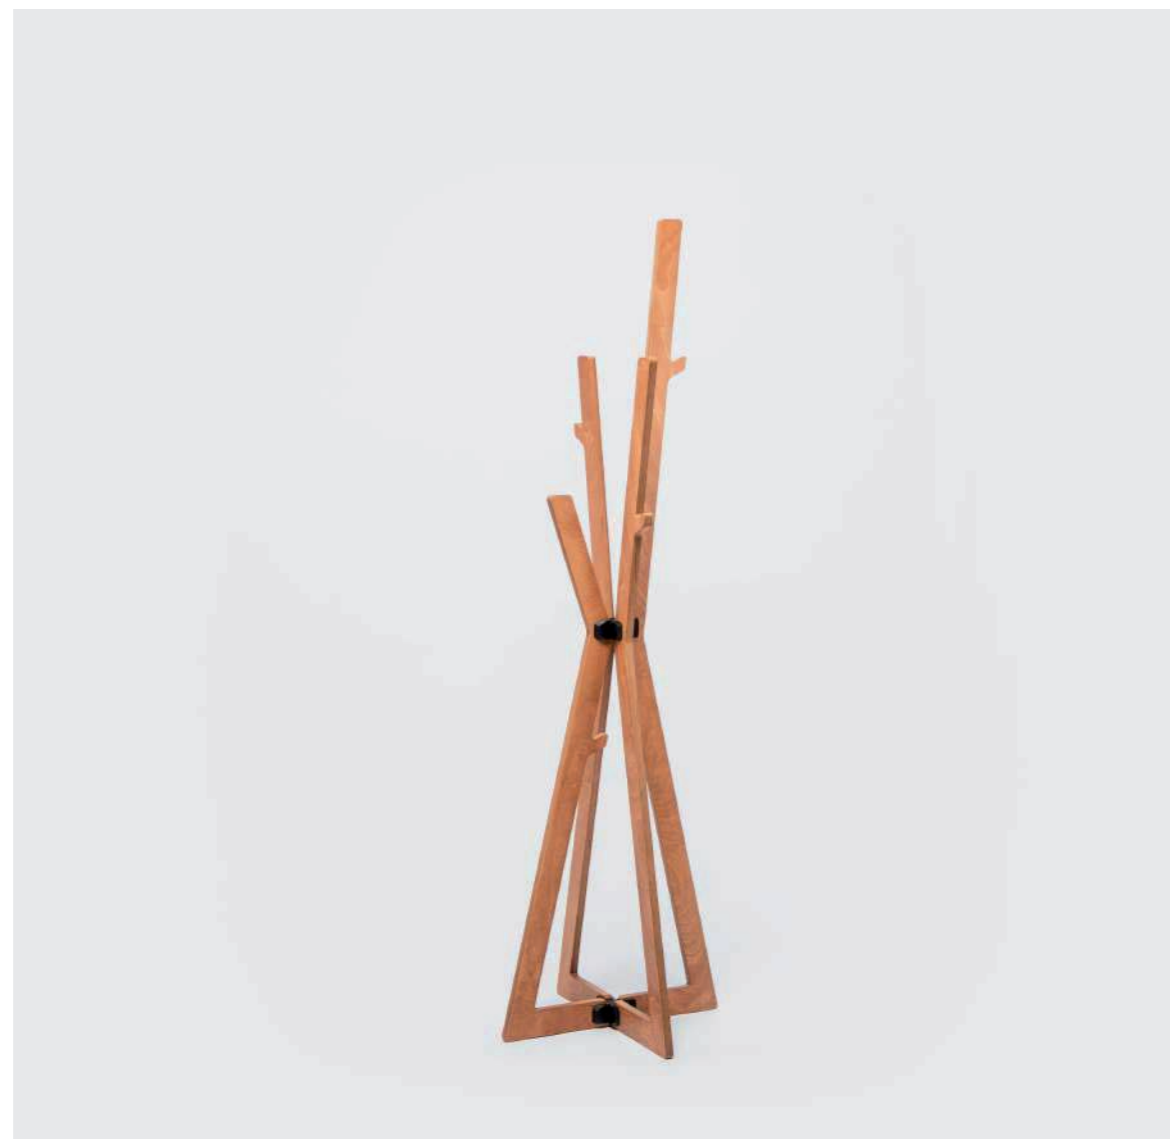

Make your
workspace
somewhere you
want to be

For too long, quality and functionality have been treated as separate entities - LINEA brings them together with a perfect sense of balance.

More than just a coat rack, it's a practical solution for keeping your space organized, while its distinctive design adds character and style to any room.

Indy

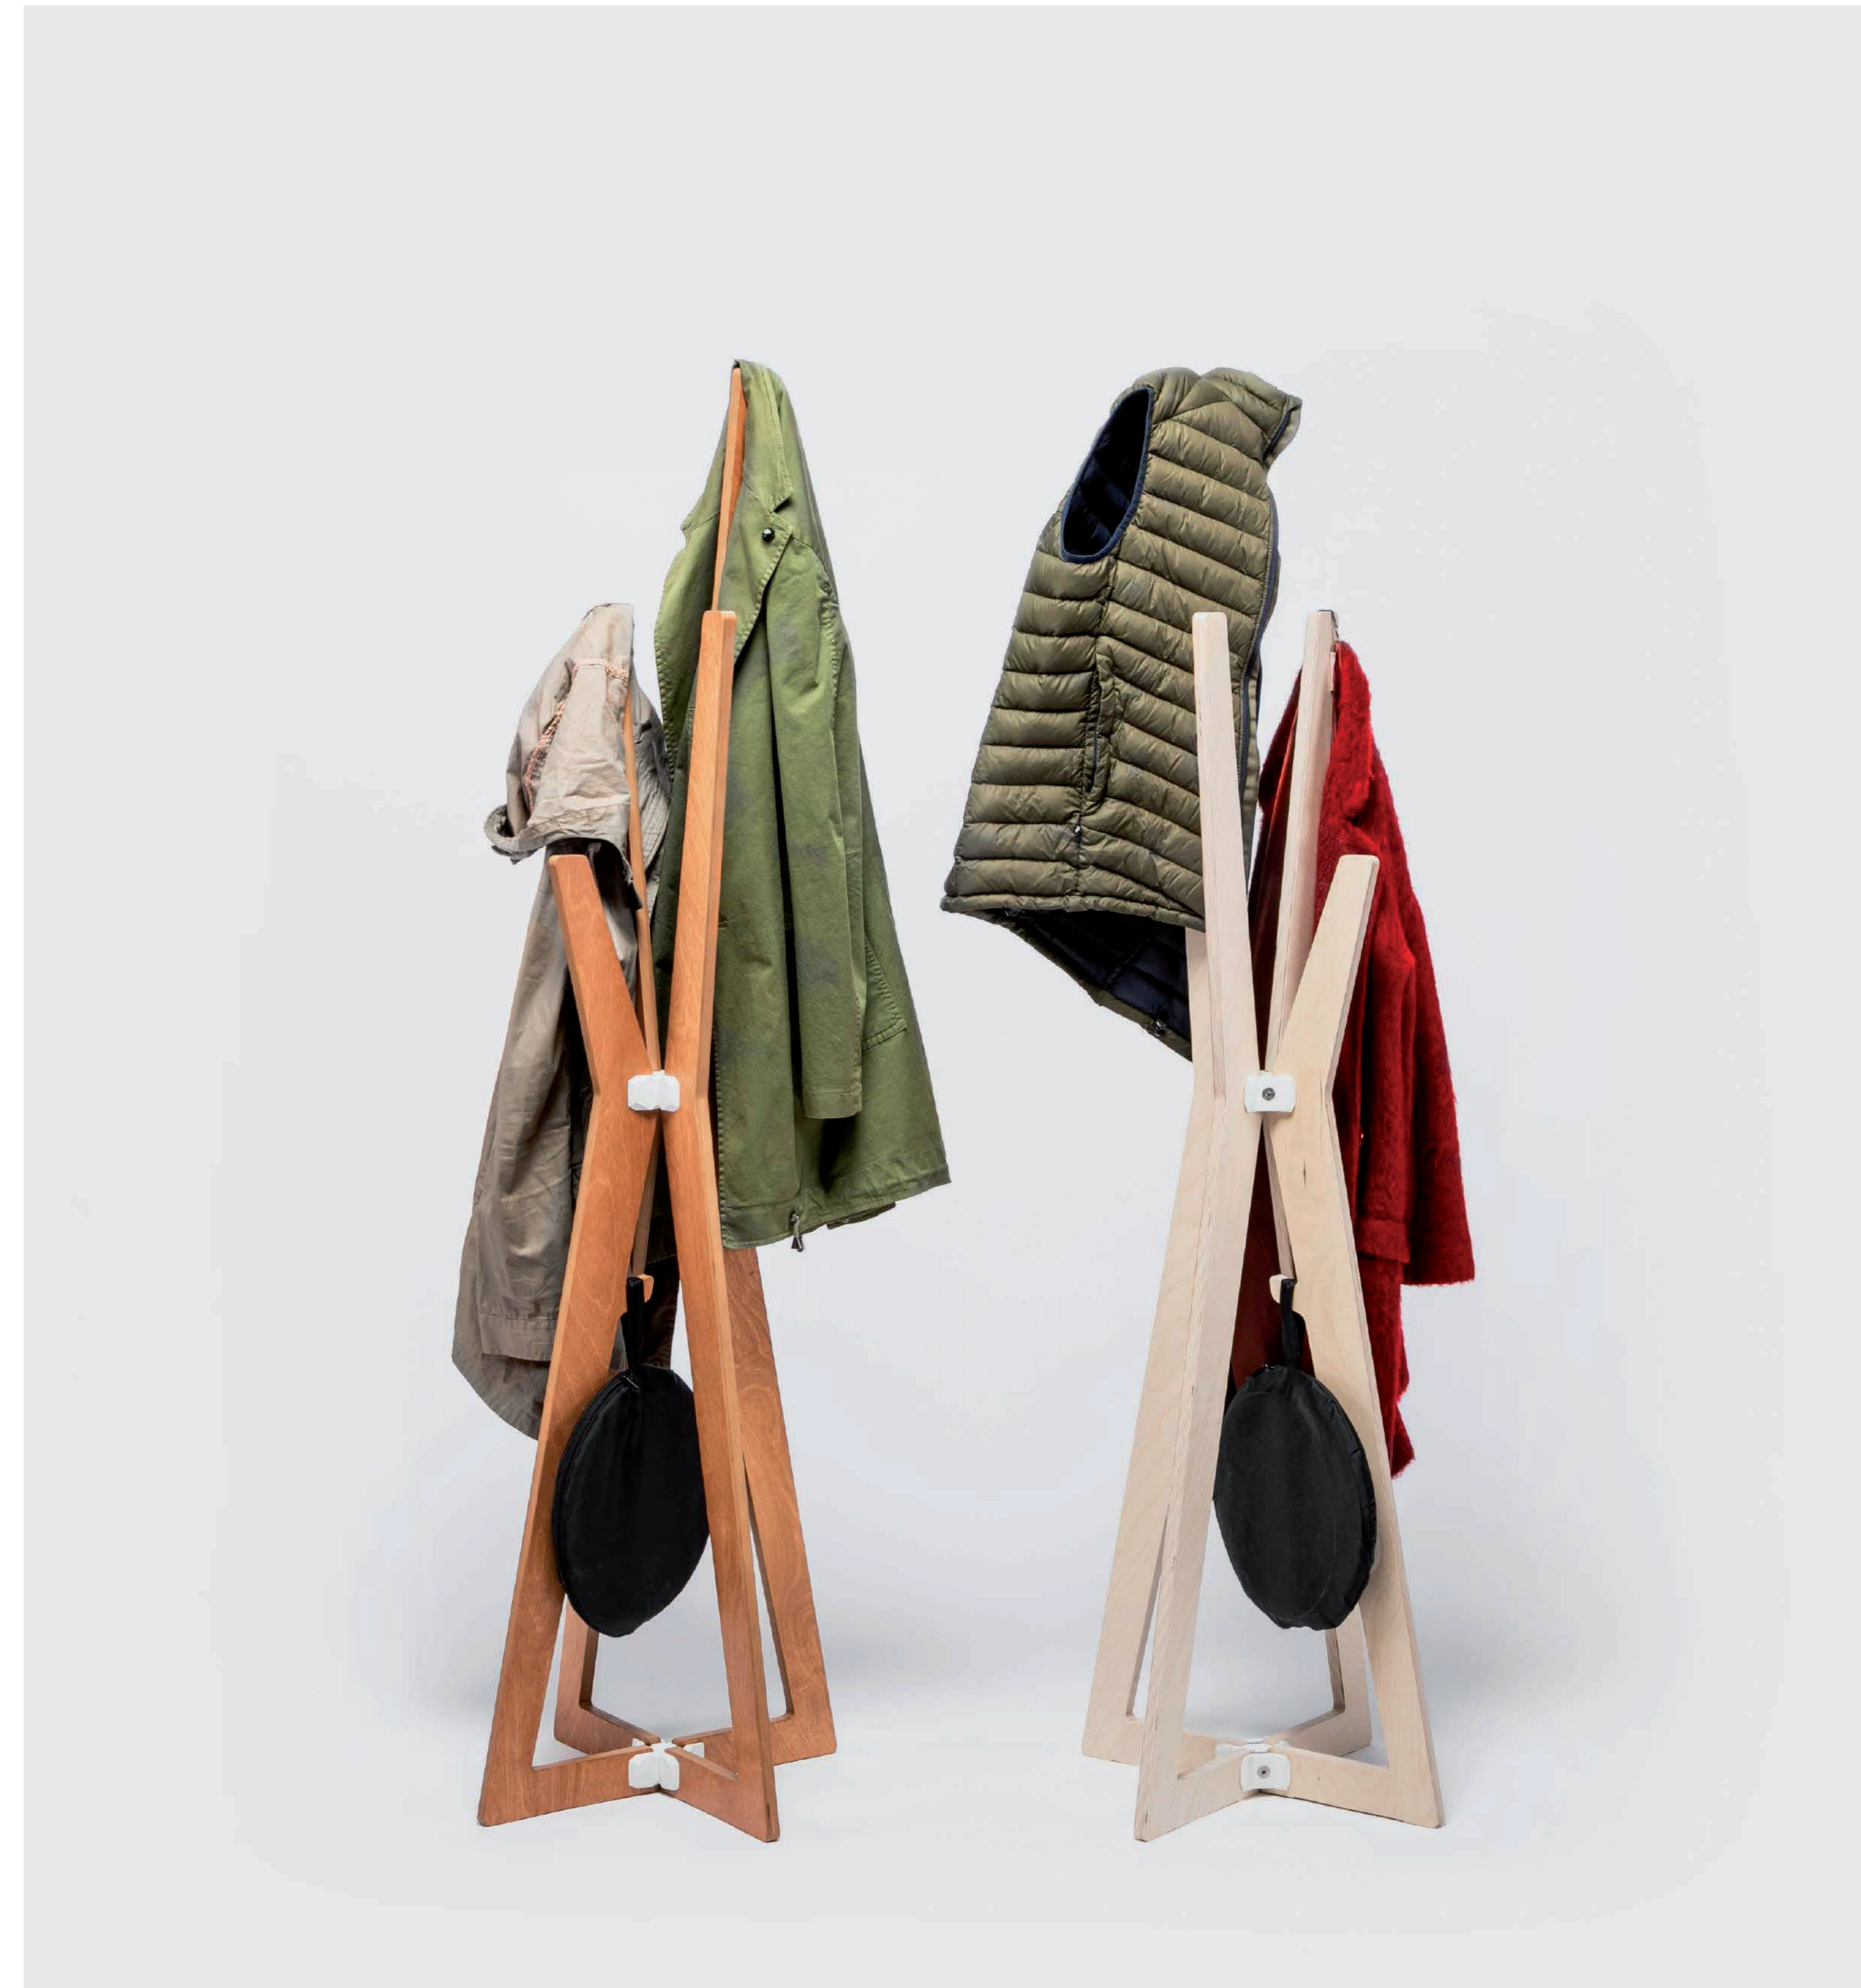

Karya

Make your
workspace
somewhere you
want to be

A minimalist and sturdy coat rack that fits seamlessly into any space — whether it's the entrance of your home or your office. Made in Italy, it underlines the high quality standards of Italian craftsmanship combined with passion and innovation.

More than just a coat stand, Indy is a design-forward piece of furniture that adds character to any setting.

Crafted from multilayer birch wood, it features a quick, tool-free assembly system using an intuitive interlocking structure and two cross connectors- ready in just a few minutes.

Karya

Make your
workspace
somewhere you
want to be

For too long, quality and functionality have been seen as opposites; this coat rack brings them together, creating an ideal piece of furniture. Practical and purposeful, it helps keep your space neat and organized- while its distinctive design adds personality and style to any room.

Lean table

Karya

Make your
workspace
somewhere you
want to be

Extremely sturdy, yet just 13 kg! With its clean and essential design, LEAN is ideal for multiple functions.

Made in Italy, it reflects the finest Italian craftsmanship in a perfect blend of passion and innovation.

More than just furniture, LEAN is a table, a functional workstation that pushes the boundaries of absolute minimalism.

Lightweight, easy to assemble and transport, LEAN is designed for workshops, events or even small living spaces.

Its compact size makes it easy to position and use anywhere.

Karya

Make your
workspace
somewhere you
want to be

The painted surface is extremely pleasant to the touch,
and it's also easy to clean and sanitize.

The table can be assembled in just a few minutes without
the need of any tools, thanks to a clever interlocking
system.

This is a high-quality, modern design table, created to
meet the demands of contemporary life: easy to assemble
and move without damage, timeless in design, and
functional for a variety of uses.

Karya

Make your
workspace
somewhere you
want to be

Tool-Free interlocking assembly

A quick and easy interlocking system allows you to assemble the structure in just minutes- no tools required. This furniture is the result of a shared dream by our team: a group of people driven by the pursuit of excellence. We carefully consider aesthetics, technical functionality, and the ease of assembly.

Cable management slots

Keep your cables organized and out of the way. We've integrated dedicated slots to manage cords and power sockets, making the table perfect for remote working, studying, or kids' homework.

Adakto

ADAKTO

The furniture
that changes and
adapts to your
needs

The Adakto collection is designed as a series of furniture that looks straight to the future, each piece with its own design, character and theme destined to last in time and revolutionise the traditional furniture concept.

The Adakto collection comprises modules of different shapes, one square and one rectangular, that can be assembled to create the composition you like the most.

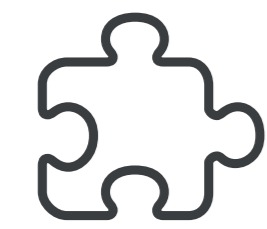

The modules can be positioned in infinite combinations to make the most of the spaces available; they are equipped with rails that allow you to fix the modules on each other and make them slide, closer or further away from each other, with the purpose of creating space or reduce it.

The Adakto collection is composed of pieces of furniture without a predefined purpose, but endless possibilities of furnishing the environment: this is what we have designed.

The guidelines of this collection are:

- **Adapt to perfection.** Our system can meet multiple needs and can be changed as often as you wish, in order to fit into all the spaces.
- **Modular system made to last.** Transform your furniture and not replace it, we work to make our products practical and functional during their use.
- **Experience first.** Quick and easy to assemble. It only takes a few minutes to create a single container or an entire system of modules.

Modularity

ADAKTO

The furniture that changes and adapts to your needs

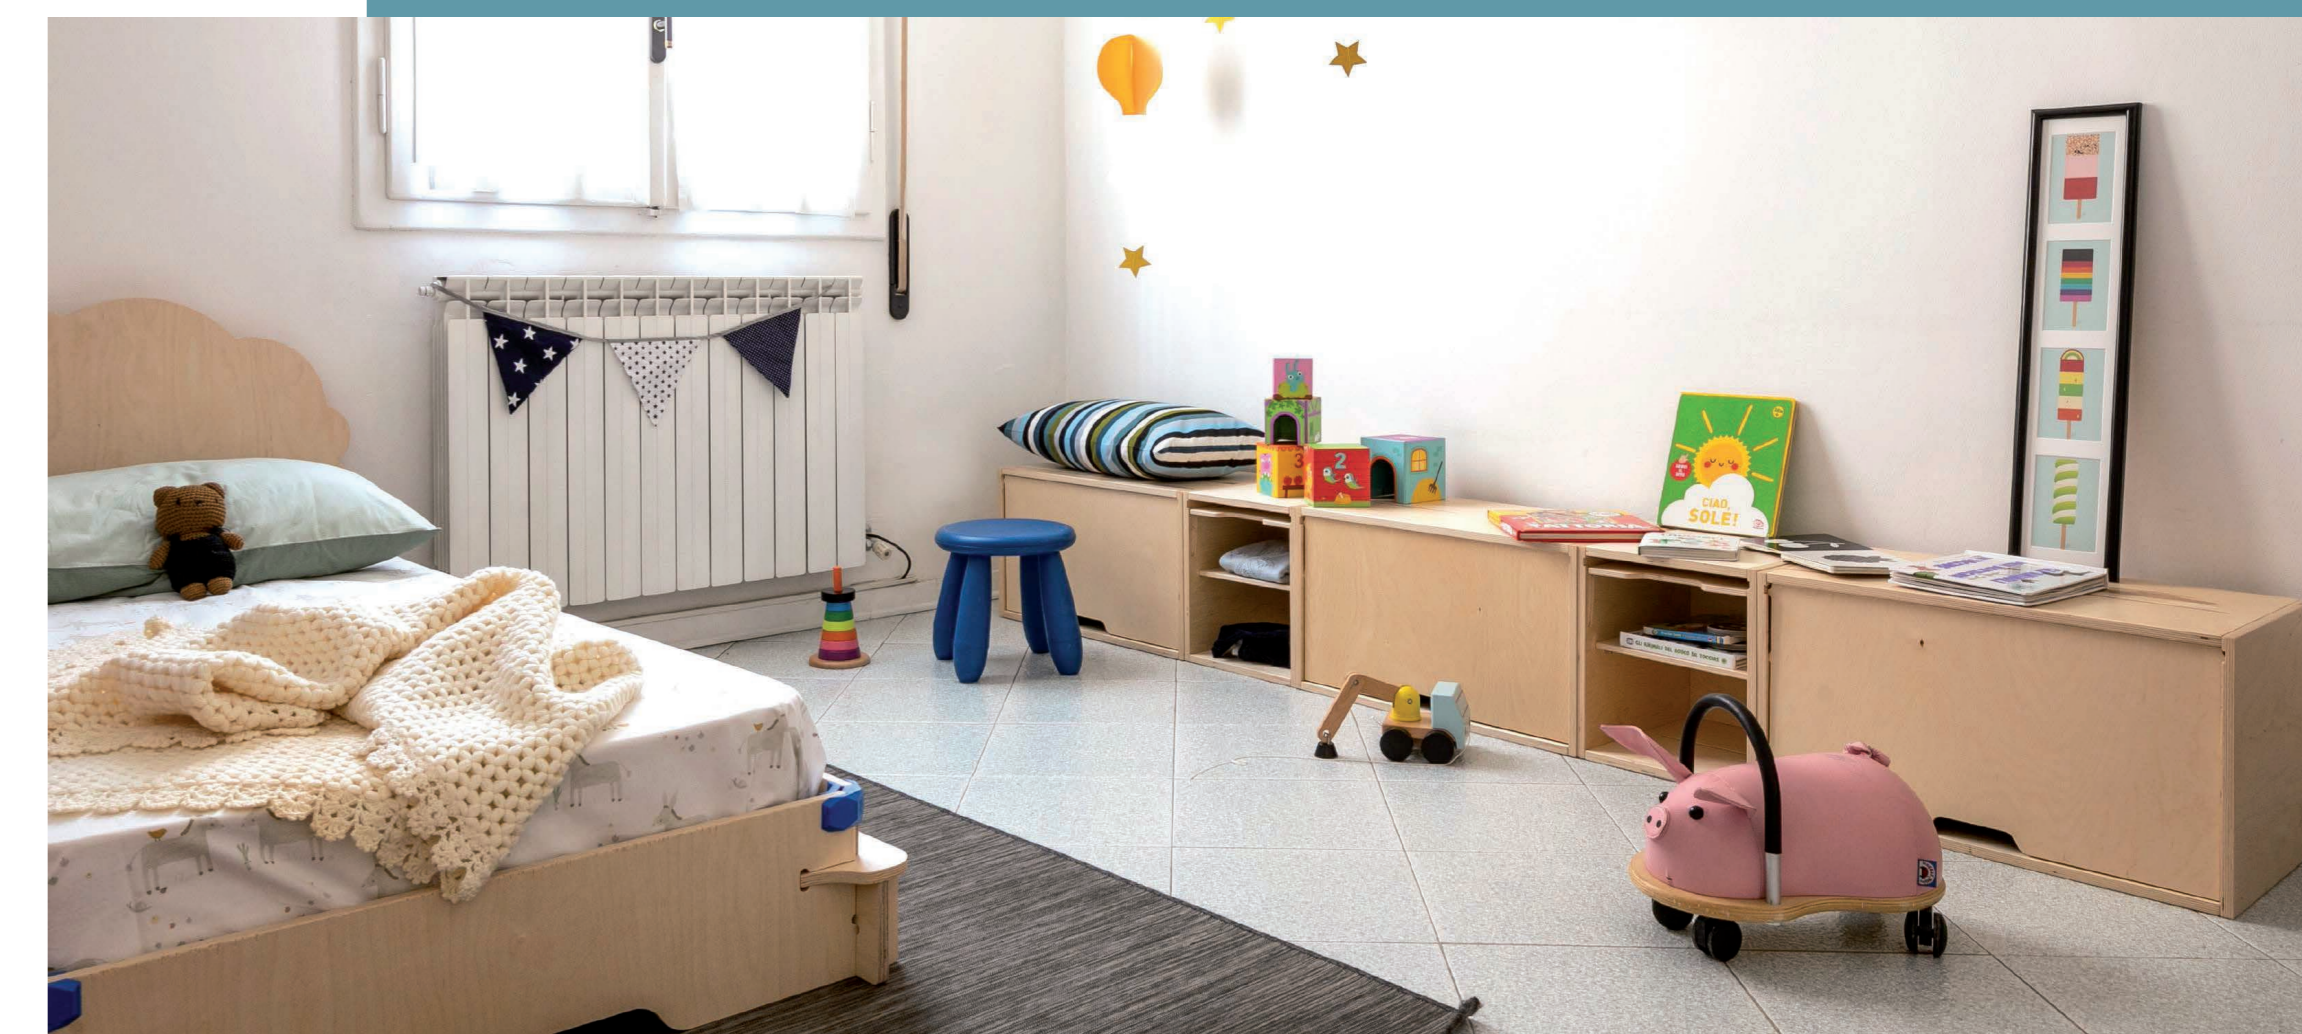

Adakto is a system of interchangeable and stackable modular containers that allows you to create every kind of furniture to maximise your space effectively; this unique furniture system changes and adapts to your needs.

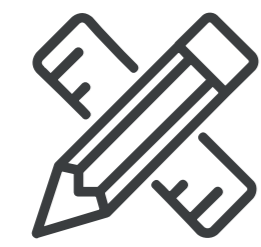

The product reflects the best tradition of Italian craftsmanship with its passion and dedication to innovation.

In a world where product customization is increasingly important, we have designed a modular shelving system adaptable to different environments.

Today, modern furniture design is synonymous with versatility and flexibility.

Why should we have a product designed for only a single use when you can just have an infinite range of choice?

Design your space

ADAKTO

The furniture that changes and adapts to your needs

There are many configurations and available colours. Using Adakto's modules, you can create furniture that expresses your style and personality.

Disassemble and reassemble the containers, add smaller or larger units to meet your needs without any constraints or limitations.

Made to last

Elegant natural wood from sustainable forests: we use only water-based and solvent-free paints.

An easy attachment mechanism: Adakto can be assembled and disassembled quickly and repeatedly over time.

You can add elements if you need less or more space.

It follows you everywhere!

ADAKTO

The furniture that changes and adapts to your needs

We live a much more transient life: renting, living in smaller spaces and moving from town to town becomes the norm for many.

It has never been easier to disassemble a piece of furniture: take Adakto with you and leave behind what is permanently attached to the wall!

A tidy and organized home

Every home is different, and you need to make the most out of the available space, often optimizing every corner.

Adakto cubes are stackable, versatile, and designed to meet all your needs.

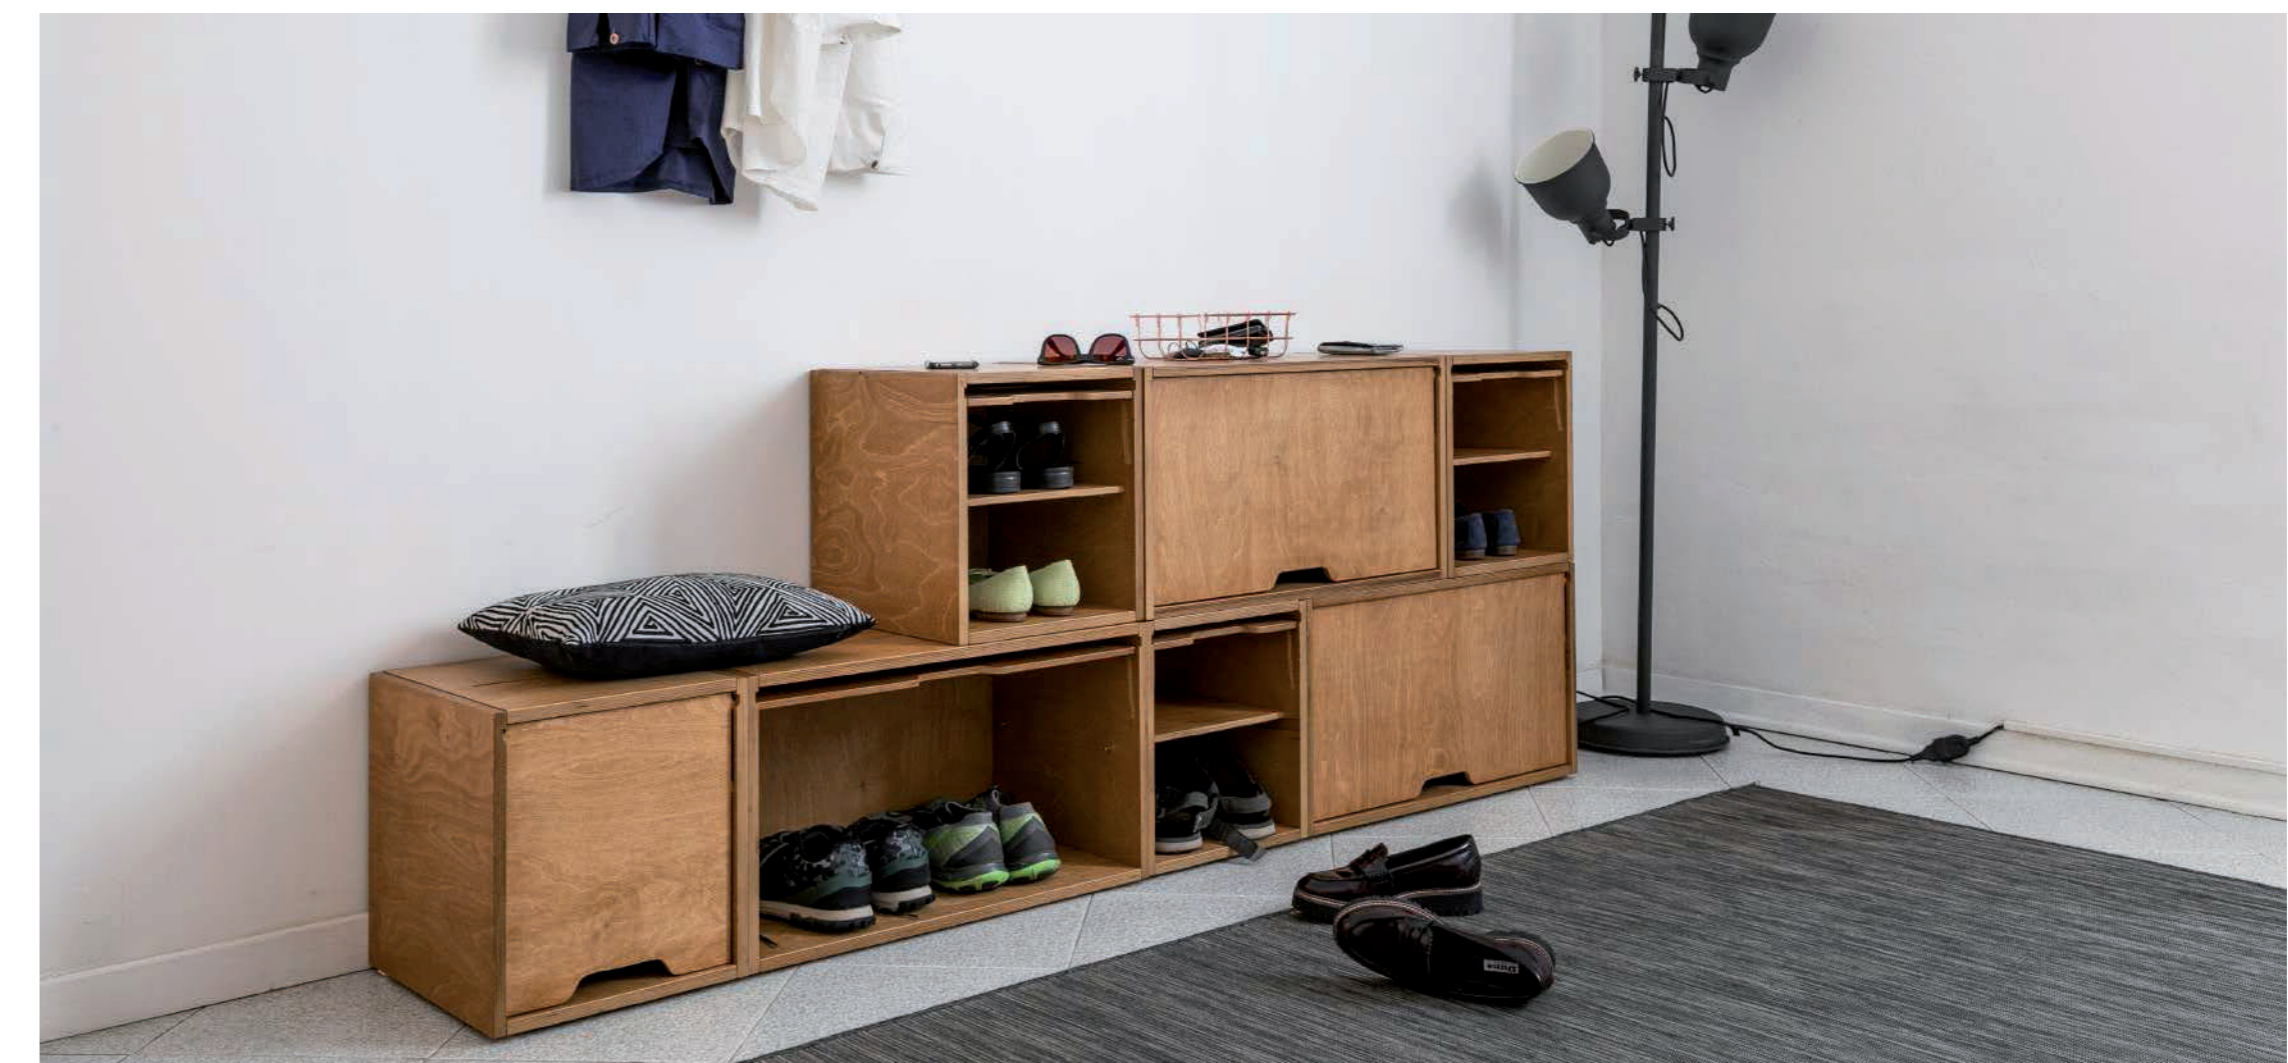

This flexible and modular box system is composed of various elements: shelves, doors, and containers that can be combined and customised to fit your space perfectly.

Playwood: Freedom to Create

PLAYWOOD

Freedom to create

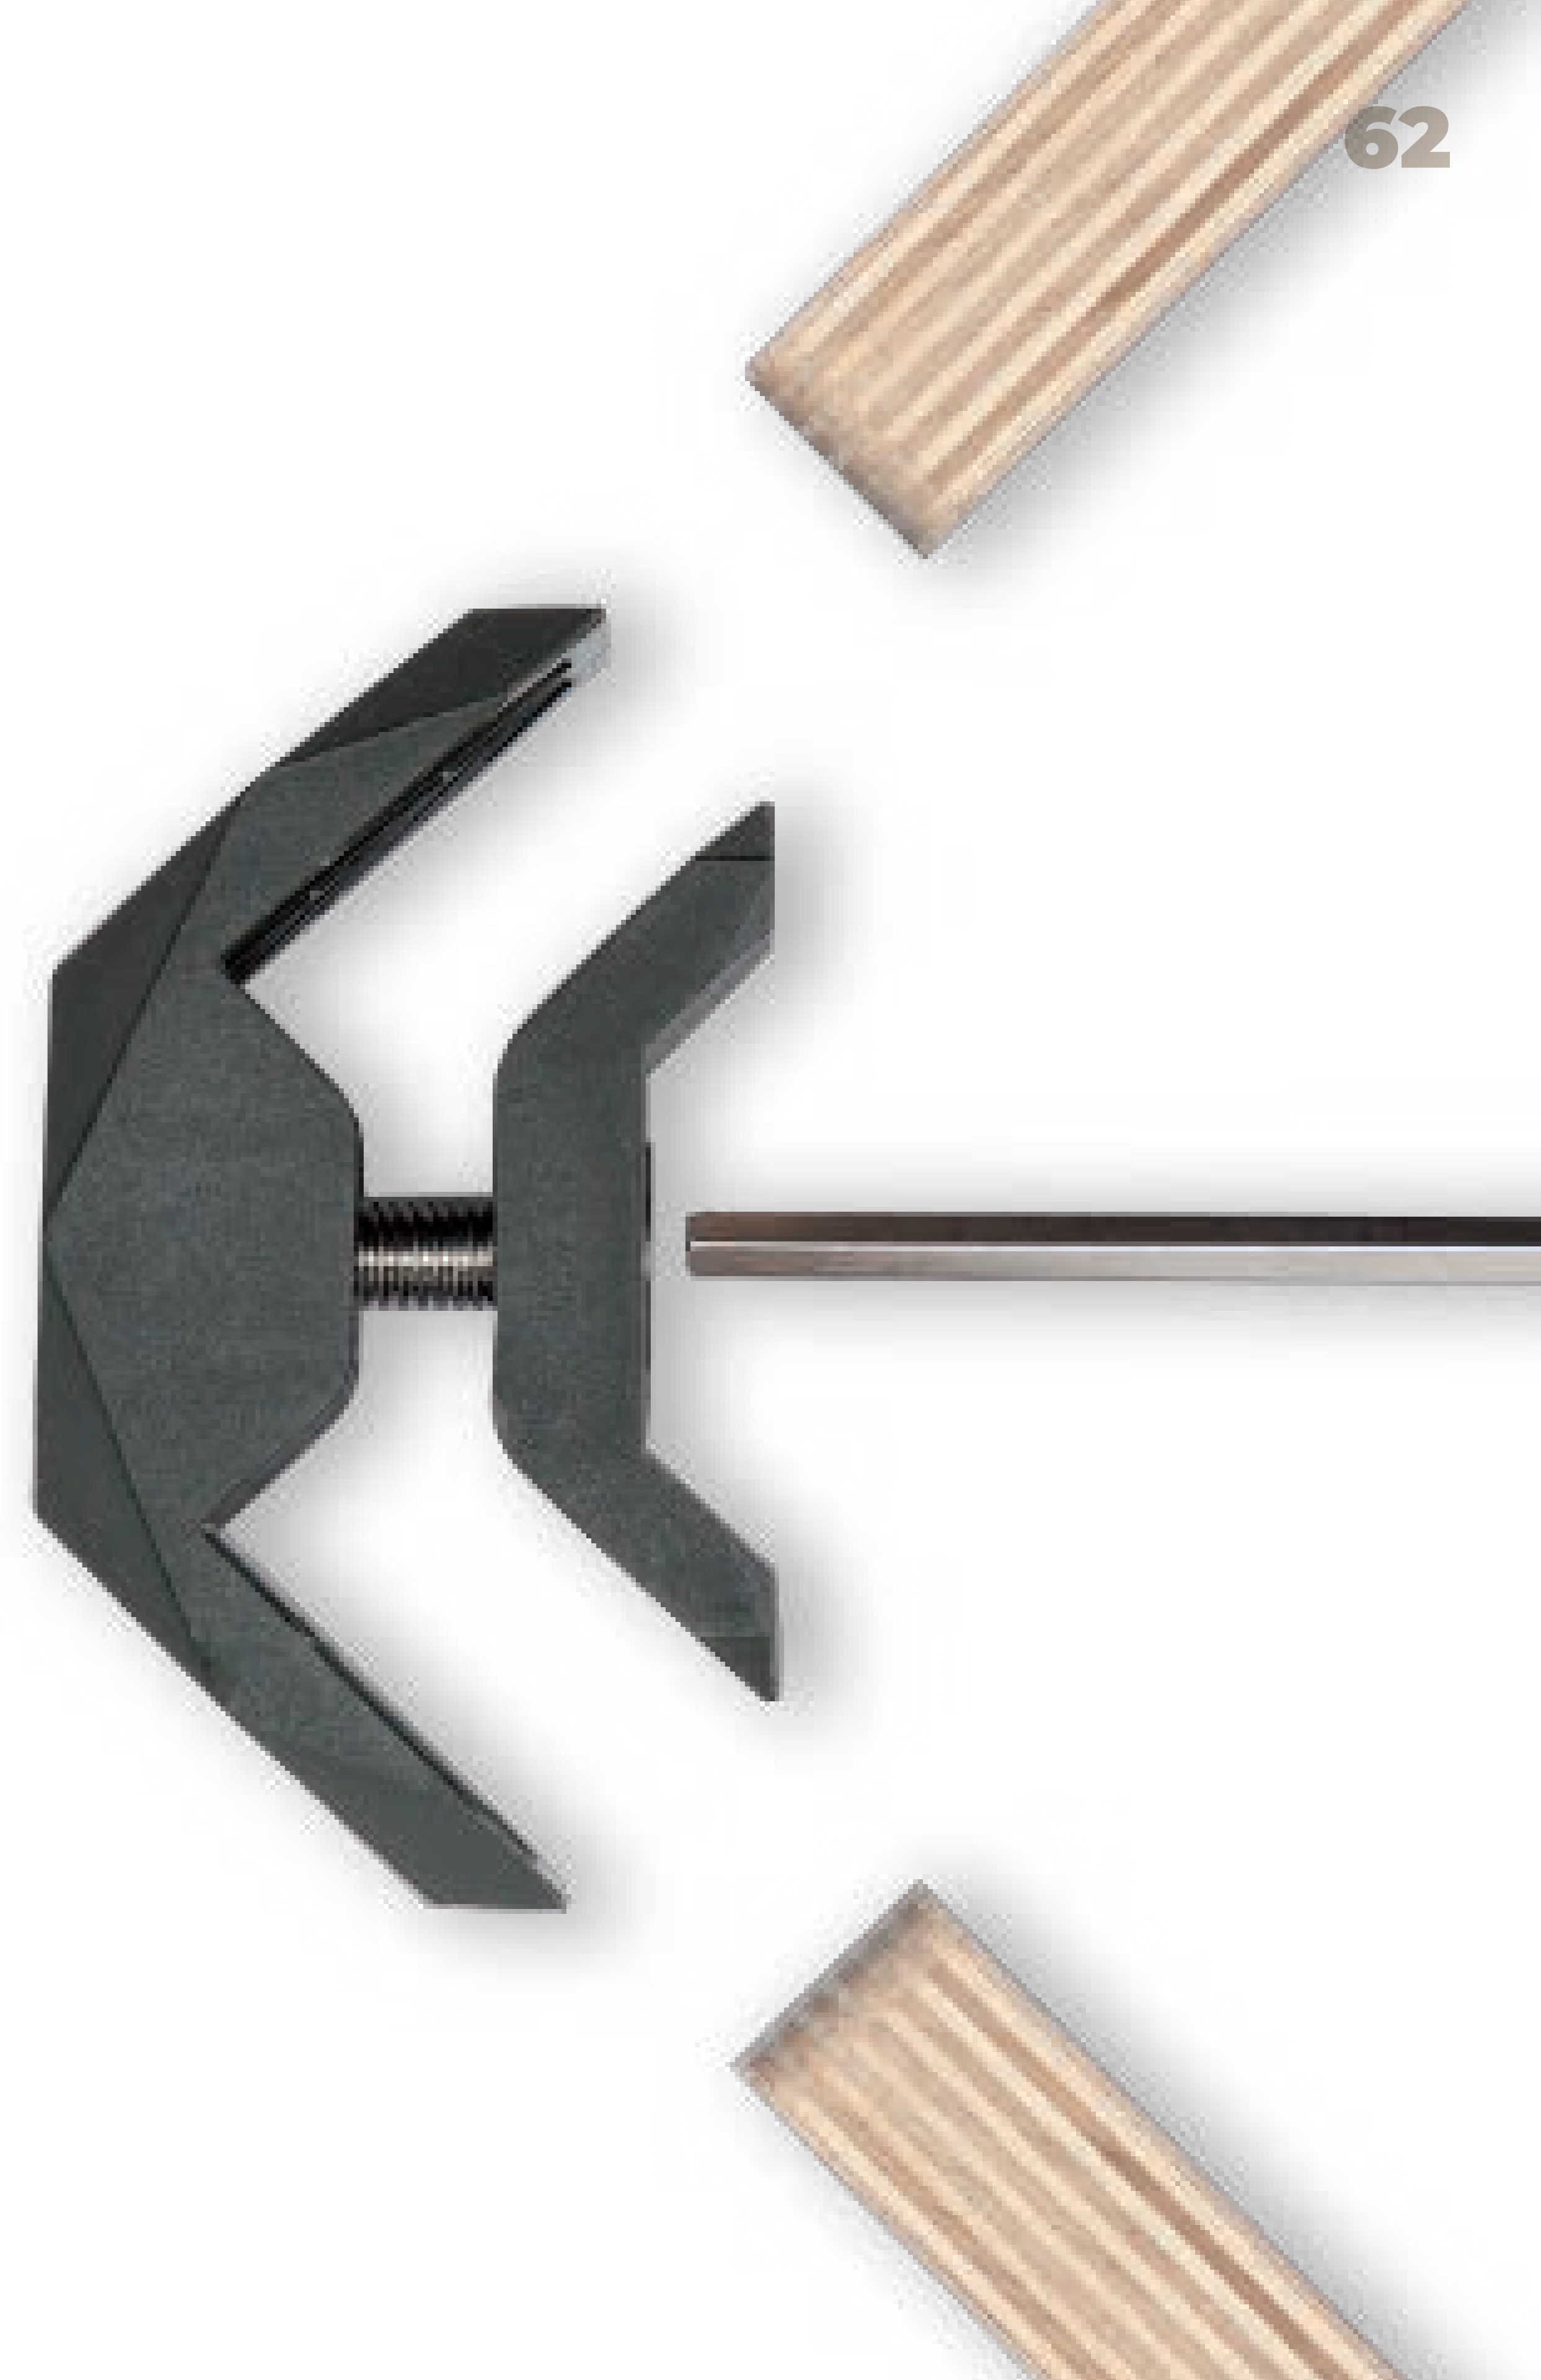

Create your own custom furniture using panels between 16–19 mm (approx. 5/8–3/4 inch) thick- no tools, just creativity and innovation.

The ultra-resistant connectors, made from glass-fiber reinforced plastic, ensure proper strength and stability. Suitable for both indoor and outdoor use, they perfectly resist UV rays and humidity without compromising their quality or impacting your experience.

Proudly made in Italy, we follow every step of production to ensure top quality and performance, while supporting your creative process by allowing you to mix and match colors and materials to suit your specific needs.

The connectors are reusable and versatile, this modular system allows you to reassemble all furniture components whenever you like.

PlayWood is more than furniture that just “sit there”. It’s endless possibilities.

MODULAR STARTER KIT: SQUARE SHAPE

PLAYWOOD

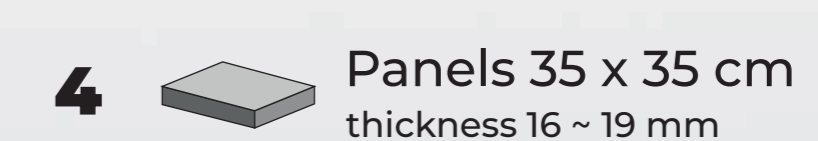

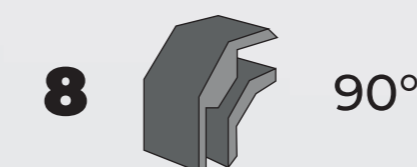

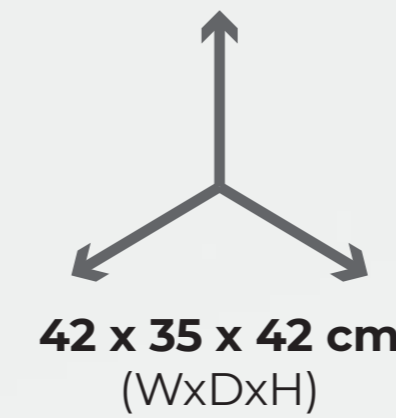

Freedom to create

A cube-shaped module and a rectangular structure, both made of poplar wood or MDF panels joined at the corners with 90° connectors.

Their lightweight and multifunctional design makes them perfect to be moved between rooms, from a workshop to a meeting room.

With a cushion, they can also be used as a seat, a small table, or as a modular element to be combined in a larger system.

The design is minimal and suitable for both domestic and contract environments.

MODULAR STARTER KIT: RECTANGULAR SHAPE

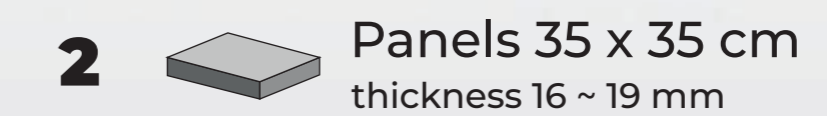

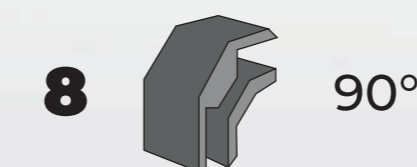

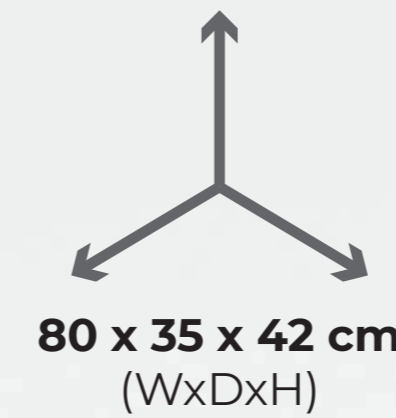

PLAYWOOD
Freedom to create

A cube-shaped module and a rectangular structure, both made of poplar wood or MDF panels joined at the corners with 90° connectors.

With a cushion, they can also be used as a seat, a small table, or as a modular element to be combined in a larger system.

The design is minimal and suitable for both domestic and contract environments.

GRID STORAGE UNIT

PLAYWOOD

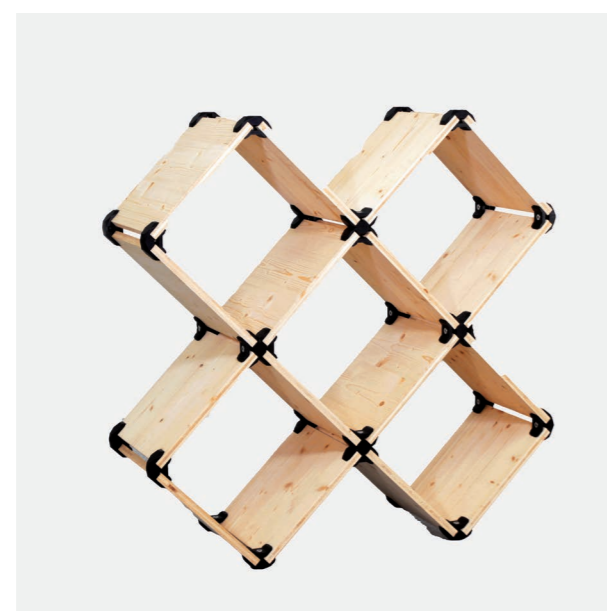

Freedom to create

This is a versatile shelving unit composed of 4 poplar wood or MDF cubes joined at the corners with 90° and X-shaped 90° connectors that make installation incredibly simple.

The structure is arranged diagonally, creating an inclined grid that allows for a more practical storage.

Designed for the display of objects of all kinds, the open compartments are ideal for creating original and functional storage arrangements.

Its unique aesthetic appeal and robust connectors suggest it's suitable for workshop, retail, or modern interior decor.

MODULAR WOODEN BOOKSHELF

3 CUBES

PLAYWOOD

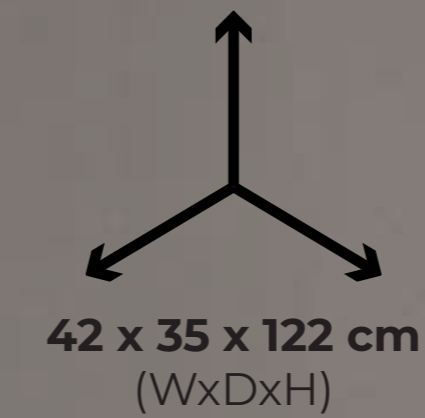

Freedom to create

This is a modular bookshelf that combines three poplar wood or MDF cubes with 90° and T-shaped 90° connectors.

It features a modern, stackable design that avoids the hassle of continuous assembly through the use of a simple Allen key.

The shelves are ideal for storage or display in an eye-catching manner and can be used in retail spaces, offices, event booths or homes.

Its lightweight structure makes it easy to transport and adapt to different environments and spaces.

MODULAR WOODEN BOOKSHELF

3 RECTANGULAR UNITS

PLAYWOOD

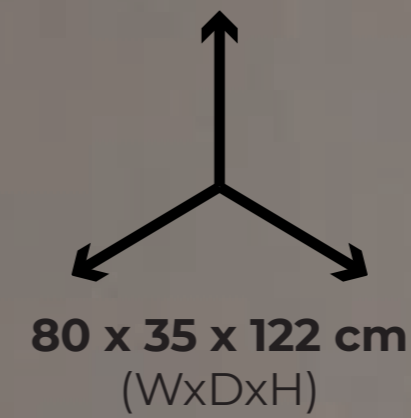

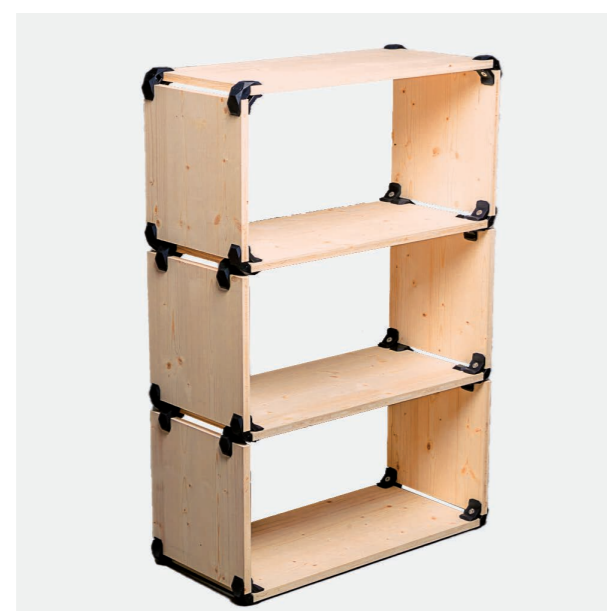

Freedom to create

This modular bookshelf is composed of three stacked rectangular units made of poplar wood or MDF joined together by 90° and T-shaped 90° connectors.

Its modern design allows easy installation and integration in any type of environment.

Perfect for display stands and presentations, this bookshelf adds character to any space. It's ideal for retail stores, offices, event booths, or homes.

The lightweight structure makes it easy to transport and adapt to various settings and spaces.

MODULAR WOODEN SHELF

3 SQUARE BOX LAYOUT

PLAYWOOD

Freedom to create

This modular shelf system is made up of poplar wood panels or MDF, both horizontal and vertical, reciprocally joined by 90° and X-shaped 90° connectors.

These boxes are freestanding and can be used in a variety of locations.

Its horizontal structure features three storage compartments, one in a raised position in the middle and two lower ones on each side of the top one.

It can be used on its own or in combination with other units to create a personalized storage or display solution.

Crafted from high-quality poplar wood, it's ideal for use in a meeting room, office, a booth or popup shop.
